

SAWYER-TOWER™

IT'S YOUR LIFE. IT'S OUR JOB TO HELP PROTECT IT.

SAWYER-TOWER™ Jacket,
made of Gore® Chemical Splash
fabric, Polyester version.
66-660.

SAWYER-TOWER™ Bib Overall,
made of Gore® Chemical Splash
fabric, Polyester version.
66-662.

SAWYER-TOWER™ is not just any workwear. It is protective clothing for industrial everyday work. Workwear combining outstanding comfort with advanced chemical protective properties.

ADVANTAGES

- Gore® breathable material providing outstanding comfort
- High durability: use, wash, re-use
- Liquid chemical splash protection with penetration data for more than 70 chemicals
- Independently tested and type approved

COMFORT

SAWYER-TOWER™ workwear is made of Gore® unique breathable membrane which contributes to less heat stress allowing full day work.

APPLICATIONS

Petrochemicals and refining, Chemical processing and handling, Mining, Pulp and paper production, Power plants, HazMat work, Food processing, Dust exposures, Metal plating.

STANDARDS

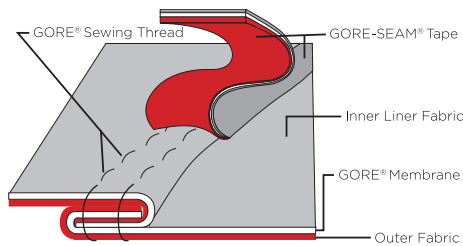

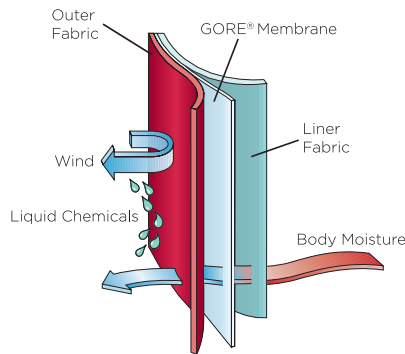

Chemical

- Certified according to NFPA 1992 – Liquid splash-protective clothing for hazardous materials emergencies.

SAWYER-TOWER™

IT'S YOUR LIFE.
IT'S OUR JOB TO HELP PROTECT IT.

 **Chemical Splash**
FABRIC

GARMENT MATERIAL

Trilaminate material with Polyester outer fabric/PTFE-based GORE® membrane/ Polyester inner liner fabric.

- GORE® unique breathable membrane transports body moisture away from the body, giving the wearer excellent comfort and allowing focus on the work tasks.
- Lightweight - 255g/m² - yet tough and durable fabric.
- No impregnation i.e. the protection remains unreduced after use & washing.
- Maintains same appearance and performance level after multiple machine washes.

COLOUR

Red

SEAMS

The seams are stitched with thermally stable and chemically inert GORE® Sewing Thread. In addition, the seams are heat-sealed with GORE-SEAM® tape to provide uniform performance against liquid penetration.
