Oilbloc™ Goatskin Anti-Impact Driver Gloves

#378GKVS

Goatskin has high tensile strength and abrasion-resistant properties and is often referred to as nature's strongest leather. With smart styling and design, this drivers-style, brown goat-grain leather glove hides dirt and is also treated with Oilbloc™. The back of hand and fingers feature impact protection that's comfortably flexible and supremely durable. Inside palms are full goatskin leather with ultra-comfortable gel padding. Our cut-and-sewn liner dons much more easily than a seamless knit, thanks to the fine tailoring.

Because of a high strength-to-weight ratio, our Endura® goatskin all-leather drivers are much tougher and more durable than their suppleness leads you to think.
