# GATEWAY

## ABOUT GATEWAY SAFETY

Family-owned since 1944, Gateway Safety is one of the most respected manufacturers of personal safety equipment in the United States. We design and produce 'above-the-shoulders' personal protective equipment, including eye, face, head, hearing and disposable respiratory protection. Gateway Safety focuses on providing high quality safety products that are stylish and comfortable, so workers will put them on and keep them on.

The entire team at Gateway Safety works hard to:

- Design and manufacture high quality, innovative safety solutions.
- Deliver unmatched service and support to distribution and end user customers.
- Keep our operating costs low to provide value-priced products.

These goals inspire our daily excellence in providing exceptional safety products backed by superior service. Gateway Safety is proud to be your reliable and long-lasting partner for industrial safety equipment.

## LEADERS LEAD

Gateway Safety takes its commitment to quality very seriously, producing products made with high quality materials and verifying this quality with third-party testing programs. Few of our competitors can make this claim. We create innovative designs that address the needs of workers wearing safety equipment on a daily basis. Our designs are based on style and comfort, the two key components to safety compliance. Many of our products are patent-protected, and we are proud to be recipients of numerous awards for product design and innovation.

# SAFETY

## Eye Injuries

Each day, about 2000 U.S. workers incur a job-related eye injury that requires medical treatment. One-third of these injuries are treated in hospital emergency departments and more than 100 of these injuries result in one or more days of lost work. Yet, according to the American Academy of Ophthalmology, 90% of eye injuries could have been prevented by wearing safety eyewear.

Gateway Safety provides award-winning, patent-protected products.

## OUR MISSION: WORKER SAFETY

Of course, worker safety is at the heart of Gateway Safety's mission. There's nothing quite as inspiring as hearing the stories that are shared by users of Gateway Safety products. These real-life stories of people in situations – in which our products prevented a more serious eye injury or potentially saved a life – validate this commitment we have made to quality. Check out a couple of these stories below...

### Real Life Stories That Inspire Our Daily Excellence

**“One of my employees had an accident where a large piece of steel struck him in the face...the safety glasses took a big hit. They did not shatter but they did bend, absorbing the impact of the blow as they were supposed to.”**

Scott - Monroe, NC

Doctors said he would have lost his eye if he hadn't been wearing his StarLite® safety glasses.

Robert was completing routine maintenance on an HVAC unit when a high-pressure hose burst. Freon, dirt and debris went flying everywhere, along with a screw that exploded directly into his safety glasses. The screw was embedded into his safety glasses, but nothing made it through.

**“StarLite® safety glasses saved my butt! At first, I didn't even realize what had happened... that's when I noticed something strange in my field of vision. I'm not sure that many glasses would have held.”**

Robert M. - Houston, TX

## EYE PROTECTION ICONS TO LOOK FOR

Throughout the Eye Protection section of this catalog, you will find a number of icons. Each icon packs a lot of information into a little bit of space. Don't take them lightly. When choosing personal protection, consider whether the "mark" is appropriate for your application.

When you see the **ANSI 287.1+ Certified** icon, you know that both Gateway Safety and an independent, third-party laboratory regularly test and certify that this product meets or exceeds the ANSI 287.1+ standard.

When you see the **CSA 294.3 Certified** icon, you know that both Gateway Safety and an independent, third-party laboratory regularly test and certify that this product meets or exceeds the CSA 294.3 standard.

When you see the **Meets ANSI 287.1+** icon, you know that Gateway Safety regularly tests and certifies that this product meets or exceeds the ANSI 287.1+ standard.

When you see the **Meets CSA 294.3** icon, you know that Gateway Safety regularly tests and certifies that this product meets or exceeds the CSA 294.3 standard.

When you see the **Meets U.S. Military Ballistic Impact Requirements** icon, you know that Gateway Safety tests and certifies that this product meets or exceeds the ballistic impact resistance requirements for eyewear in US Military Performance Specification MIL PRF-31013.

When you see the **c-UL-us LISTED** icon, you know that Underwriters Laboratories is the independent, third-party agency that has certified that this product meets the ANSI 287.1+ and CSA 294.3 standards. Confirmation can be found in their "Online Certifications Directory" at [www.ul.com](http://www.ul.com).

When you see the **UL LISTED** icon, you know that Underwriters Laboratories is the independent, third-party agency that has certified that this product meets the ANSI 287.1+ standard. Confirmation can be found in their "Online Certifications Directory" at [www.ul.com](http://www.ul.com).

When you see the **99.9% UV-A, UV-B and UV-C Protection** icon, you know that Gateway Safety regularly tests and certifies that this product blocks 99.9% of UV-A, UV-B and UV-C radiation up to 380nm.

All certification information is accurate as of the print date of this catalog.  
 For updated information, contact Gateway Safety's customer service department at 800-822-5347.  
 All Gateway Safety products come with a limited warranty. See page 3 for warranty information.

## LENS SELECTION CHART

More than ornamental, Gateway Safety lens options serve a specific function. This lens selection chart provides a general guideline for use. However, always consult your safety director to determine the proper lens option for each application. Unless otherwise noted, all Gateway Safety lenses feature an anti-scratch coating for extra durability and block 99.9% of UV-A, UV-B and UV-C light, up to 380nm.

Clear  
VLT 92%

These untinted lenses are ideal for indoor and general purpose applications.

IR filter lenses are for use around light welding, brazing or cutting applications only.

VLT (Visual Light Transmittance) is the amount of visible light (+/- 2%) that passes through the lens.

Workers who are wearing safety glasses all day often complain of pinching and discomfort due to hard or tight temples. Gateway Safety's Temple Technology® products are a collection of never-before-seen safety glasses with patented temple features specially engineered to fit users more comfortably on the ears and around the head.

**NEW**

**PARALLAX™**

Look beyond traditional eyewear views. Parallax™ provides superior comfort with a patented, Temple Technology® design that alleviates pressure on the ears and head.

- Dual component temple design creates cushioned comfort.
- Integrated brow guard provides top protection from debris.
- Lightweight construction and soft, rubber nosepiece prevents slipping.

Part #	Temple	Flex	Lens
37BK80	Clear	Black	Clear
37GY83	Gray	Gray	Gray
37BK76	Pacific Blue	Black	Pacific Blue
37BK79	Clear	Black	Clear Anti-Fog
37BK0M	Clear	Black	Clear In/Out Mirror
37GY8M	Gray	Gray	Silver Mirror
37GY9M	Blue	Gray	Blue Mirror
37PK80	Clear	Pink	Clear
37GY11	Pink	Gray	Pink Mirror

Two-piece, patented temples include a flexible bottom component to alleviate pinching.

Gateway Safety's Parallax temple earned a utility patent from the U.S. Patent and Trademark Office.

**NEW**

## FLIGHT®

Revolutionary design. Flight® is the future generation of safety eyewear, with a patented temple design that provides unparalleled comfort.

- Cushioned temple ‘wings’ softly hug the user’s head, alleviating pinching.
- Floating lens design fights fogging and provides ultramodern style.
- Lightweight construction and soft rubber nosepiece creates comfortable fit.

Part #	Frame	Temple Tips	Lens
35GY80	Gray	Black	Clear
35BK83	Black	Gray	Gray
35GY75	Gray	Black	Amber
35GY79	Gray	Black	Clear Anti-Fog
35GY0M	Gray	Black	Clear In/Out Mirror
35BK8M	Black	Gray	Silver Mirror
35BK9M	Black	Gray	Blue Mirror

TEMPLE  
technology®

Flight's patented temples fit snugly against the head, while alleviating pinching.

Gateway Safety's Flight temple earned a utility patent from the U.S. Patent and Trademark Office.

## LUMINARY®

The brightest idea in protective eyewear. Luminary® has the look, fit and feel that make it one of the lightest and brightest solutions in safety eyewear.

- Ultra-lightweight design — just four-fifths of an ounce — makes it easy to wear all day, every day.
- “Super flex” temples help relieve pressure behind the ears and provide superior comfort.
- “Fingertip” nosepiece reduces slippage, so glasses stay on securely.

Part #	Temple	Inset	Lens
19GB80	Black	Clear	Clear
19GY83	Silver	Gray	Gray
19GB75	Black	Amber	Amber

19GY8M	Silver	Gray	Silver Mirror
19GB9M	Black	Blue	Blue Mirror

TEMPLE  
technology®

Super-flexible temples ideal for big heads!

### Safety Tip: Standards & Testing

Demand safety products that are **independently, third-party tested** to the appropriate product performance standards. Why? In the United States, compliance with the ANSI Z87.1+ standard is voluntary. That means any manufacturer can stamp “Z87+” on a product and call it ‘safe.’ Gateway Safety products are independently tested and certified to meet the standard.

# THE STARLITE® FAMILY

When StarLite was first introduced by Gateway Safety, its style was revolutionary. The large, boxy traditional safety glasses were no match for StarLite's lightweight, modern design. StarLite quickly changed the industry and continues to deliver comfortable stylish protection today. Each member of the StarLite family boasts the same great qualities as the original, while offering its own unique features and benefits for a variety of applications.

## STARLITE®

Still the one. The original. The best. Popular, innovative design combines low-cost protective eyewear with all-around impact protection.

- Sleek, compact appearance and stylish unitary lens provides a wide field of vision.
- Ultra-lightweight design is easy to wear all day, helping improve safety compliance.
- Deep, universal-fit temples provide side protection identical to large side shields.

Part #	Temple	Lens
4680	Clear	Clear
4683	Gray	Gray
4686	Mocha	Mocha
4675	Amber	Amber
4676	Pacific Blue	Pacific Blue
4679	Clear	Clear Anti-Fog
4678	Gray	Gray Anti-Fog
4687	Mocha	Mocha Anti-Fog
460M	Clear	Clear In/Out Mirror
461M	Gray	Red Mirror
466M	Mocha	Mocha Mirror
467M	Gray	Gold Mirror
468M	Gray	Silver Mirror
469M	Gray	Blue Mirror

Look for the UL icon to confirm the product meets the ANSI Z87.1+ and CSA Z94.3 standards.

## STARLITE® SM

Ideal fit for smaller facial profiles, offering the same great features and benefits as the original StarLite, yet sized 10% smaller for men with narrow faces, women and kids.

Part #	Temple	Lens
3680	Clear	Clear
3683	Gray	Gray
3675	Amber	Amber
3676	Pacific Blue	Pacific Blue
3679	Clear	Clear Anti-Fog

368M	Gray	Silver Mirror
369M	Gray	Blue Mirror
36PK80	Pink	Clear
36PK11	Pink	Pink Mirror

10% smaller for people with narrow faces.

## STARLITE® GUMBALLS®

A little flavor, a little fun. The StarLite® design in a clear lens, with ten different temple 'flavors' in each box.

Part #	Description	Lens/Temple
4699	StarLite® Gumballs®	Clear/Multi-Pack*

Part #	Description	Lens/Temple
3699	StarLite® SM Gumballs®	Clear/Multi-Pack*

\*ten different temple colors

## STARLITE® FOAM

Foamed protection. The StarLite® product with a soft foam edge along the top and sides of the lens that blocks debris from above and absorbs perspiration.

Part #	Description	Lens
46FM79	StarLite w/Foam	Clear Anti-Fog Lens
46FM78	StarLite w/Foam	Gray Anti-Fog Lens

Soft, foam lining is ideal for drywallers.

## STARLITE® MAG

Always in focus. When reading detailed text, plans or blueprints becomes difficult, turn to the name that you already know. Trust StarLite® MAG.

- Bifocal safety eyewear that comes in the original, yet cost-effective, StarLite design.
- Ultra lightweight — less than an ounce — making it easy to wear all day, every day.
- Universal style that men and women love.

Lower bifocal magnifies small details.

Part #	Temple	Lens	Magnification
46MC10	Clear	Clear	1.0 Diopter
46MC15	Clear	Clear	1.5 Diopter
46MC20	Clear	Clear	2.0 Diopter
46MC25	Clear	Clear	2.5 Diopter
46MC30	Clear	Clear	3.0 Diopter
46MG10	Gray	Gray	1.0 Diopter
46MG15	Gray	Gray	1.5 Diopter
46MG20	Gray	Gray	2.0 Diopter
46MG25	Gray	Gray	2.5 Diopter

46MM20	Clear	Clear In/Out Mirror	2.0 Diopter
46MM25	Clear	Clear In/Out Mirror	2.5 Diopter

Part #	Description	Lens/Temple
46MC99	StarLite MAG Multi-Pack*	Clear/Clear

\*contains two of each diopter: 1.0, 1.5, 2.0, 2.5 & 3.0

### StarLite

A professional logger and avid StarLite user was working with a chainsaw in Alaska when suddenly, the chainsaw kicked back and struck him in the face. Though he needed stitches along his forehead and nose, his StarLite glasses "saved the day!"

Made for safety, styled and sized for women. The GirlzGear family of products is Gateway Safety's answer to the safety needs of women in the workforce. GirlzGear includes many trusted favorites from Gateway Safety, including smaller sized versions gathered into one collection just for women.

**METRO™**

From work, to play ... for wear all day. A comfortable, lightweight fit, combined with a popular, modern style make Metro™ look and feel less like safety eyewear and more like everyday glasses.

- Available in four versatile frame colors to meet the style preferences of men and women.
- Full frame spectacle weighing less than one ounce for all-day wear.
- Soft, comfortable nosepiece and contoured temple tips keep glasses in place.

Part #	Temple	Lens
23PK80	Pink	Clear
23PK11	Pink	Pink Mirror
23TS80	Tortoise Shell	Clear
23TS86	Tortoise Shell	Mocha

See page 12 for additional frame/lens options.

**SAFETY FOR WOMEN AT WORK**

According to The National Association for Women in Construction, approximately one million of the construction industry's employees are female. Their safety depends on equipment that not only protects them, but also fits comfortably and is styled to encourage compliance. That's why Gateway Safety's GirlzGear® line, designed for the fit and style that women like, has been an important addition to the safety product industry.

## STARLITE® SM

Same great features and benefits as the original StarLite®, sized 10% smaller to fit women better.

Part #	Temple	Lens
3680	Clear	Clear
3683	Gray	Gray
3675	Amber	Amber
3676	Pacific Blue	Pacific Blue
3679	Clear	Clear Anti-Fog
360M	Clear	Clear In/Out Mirror
368M	Gray	Silver Mirror
369M	Gray	Blue Mirror
36PK80	Pink	Clear
36PK11	Pink	Pink Mirror

## STARLITE® SM GUMBALLS®

Ten different temple colors in each box — and sized 10% smaller for a better fit.

Part #	Description	Lens/Temple
3699	StarLite® SM Gumballs®	Clear/Multi-Pack

## SCORPION® SM

Scorpion® SM — Combines a striking style with several customizable features for extra comfort. 10% smaller than the original Scorpion for a better fit.

Part #	Frame	Lens
16SM80	Black	Clear
16SM83	Black	Gray
16SM79	Black	Clear Anti-Fog
16SM0M	Black	Clear In/Out Mirror
16SM8M	Black	Silver Mirror

10% smaller for people with narrow faces.

## PARALLAX™

Look beyond traditional eyewear views. Parallax™ provides superior comfort with a patented Temple Technology® design that alleviates pressure on the ears and head.

Part #	Temple	Lens
37PK80	Clear/Pink	Clear
37GY11	Pink/Gray	Pink Mirror

See page 5 for additional lens colors.

## SERPENT® SAFETY HELMET

Lightweight, comfortable, durable head protection in vented and unvented shell options.

Part #	Color	Suspension
72206	Pink/Unvented	Ratchet
71206	Pink/Vented	Ratchet

See pages 33-34 for additional shell colors and applicable product standard information.

**HIGH-END  
STYLE**

Safety glasses don't have to look like safety glasses. Adding a little sophistication to eye protection can help improve compliance. And you'll still get the same exceptional level of protection you've come to expect from Gateway Safety products. These products are designed to reflect upscale eyewear styles ... without the high-end price.

**INGOT™**

The high-end metal look, without the high-end price or heavy "feel" of metal-framed safety glasses. Ingot™ combines upscale styling with durability and lightweight comfort.

- A modern metallic appearance in gold or gunmetal polycarbonate frame options.
- Soft rubber temples and fingertip nosepiece for true comfort.
- The NEW 24K gold lens option provides a complete mirrored look.

Part #	Frame	Lens
34GM80	Gunmetal	Clear

34AG80	Gold	Clear
34AG5M	Gold	Bronze Mirror
34AGKM	Gold	24K Gold Mirror

**4X4®**

Off the beaten path. With a strong, four-sided frame that weighs just one ounce, 4X4® eyewear provides both durable protection and exceptional comfort.

- Available in three distinctive frame options: 4X4, 4X4 Sport, and 4X4 Style.
- Wraparound frame and dual lenses provide a dynamic style.
- Soft temple tips and inset nosepiece help ensure comfort and provide a snug, secure fit.

## Safety Tip: Hazards at Home

Employees who “steal” safety glasses by taking them home to wear are actually helping employers keep healthcare costs low. Eye injuries can happen anywhere — at work, at home or at play. Safety eyewear is the first and foremost form of protection against eye injuries, keeping workers healthy and able to come back to work every day. Metro’s lightweight fit and modern style encourage real to-and-from-work compliance.

## METRO™

From work, to play ... for wear all day. A comfortable, lightweight fit combined with a popular, modern style make Metro™ look and feel less like safety eyewear and more like everyday glasses.

- Available in four versatile frame colors to meet the style preferences of men or women.
- Full frame spectacle weighing less than one ounce.
- Soft, comfortable nosepiece & contoured temple tips.

Part #	Frame	Lens

Z3TS86	Tortoise Shell	Mocha

## 4X4® POLARIZED

Part #	Frame	Lens
41GB3Z	Glossy Black	Gray Polarized

## About Polarization

Polarized lenses are different from standard shaded lenses because they contain a special optical filter that absorbs the horizontal component of light — the “wave” of visible light that would otherwise be seen as glare — and transmits only the vertical component. 4X4® Polarized is an important outdoor eye protection solution for workers who face daily glare from light bouncing off flat, reflective surfaces such as the hood of a vehicle, a paved roadway, or even the surface of water.

Without Polarized Lenses

With Polarized Lenses

**COMFORT &  
POPULARITY**

With style and comfort comes compliance. While all Gateway Safety products are designed to be stylish and comfortable, there are certain safety glasses that are just the right mix. These eyewear solutions have quickly become worker favorites. And employers are confident they'll be put on and kept on ... all day long.

**CONQUEROR®**

Triumph over workplace hazards. Conqueror® is a cost-effective improvement over similar styles with improved comfort features.

- Sleek, sporty style is an industry favorite.
- Soft, rubber nosepiece and contoured temple tips ensure all-day comfort.
- Adjustable length eyewear retainer included with each pair.

Part #	Frame	Lens
28GB80	Glossy Black	Clear
28GB83	Glossy Black	Gray
28GB79	Glossy Black	Clear Anti-Fog
28GB0M	Glossy Black	Clear In/Out Mirror

28GB9M	Glossy Black	Blue Mirror
28CM79	Camo	Clear Anti-Fog
28CM78	Camo	Gray Anti-Fog
28CM88	Camo	Amber Anti-Fog
28CM5M	Camo	Bronze Mirror

Unique camo frame pattern is a favorite with hunters!

**CONQUEROR® MAG**

With the same commanding presence as the original, Conqueror® MAG bifocal protective eyewear helps to maximize small details while vanquishing impact hazards.

- Available in multiple diopter levels from 1.0 to 3.0.
- A soft, rubber nosepiece and ergonomic, contoured temple tips for all-day wear.
- Adjustable length eyewear retainer with each pair.

Part #	Frame	Lens	Magnification
28MC10	Black	Clear	1.0 Diopter
28MC15	Black	Clear	1.5 Diopter
28MC20	Black	Clear	2.0 Diopter

28MC30	Black	Clear	3.0 Diopter
28MG15	Black	Gray	1.5 Diopter
28MG20	Black	Gray	2.0 Diopter
28MG25	Black	Gray	2.5 Diopter

Bifocal levels in 1.0, 1.5, 2.0, 2.5 and 3.0

Soft, flexible temples and fingertip nosepiece combine to create comfortable, long-wearing eyewear.

## STARLITE® SQUARED

It's hip to be squared. StarLite® SQUARED is the next generation of StarLite in a modernized style with added comfort features.

- Contemporary, squared lens design an industry favorite.
- Incredibly light, all-around impact protection for all-day wear.
- Soft, flexible nosepiece and rubber temples provide extra comfort.

## VARSITY®

The first string in comfortable, stylish safety eyewear. Varsity® is a winner in any work arena.

- Unique, "V"-shaped temple design for a one-of-a-kind look.
- Extremely lightweight, weighing less than one ounce.
- Soft, adjustable nosepiece reduces slippage and fits a wide range of faces.

Part #	Temple	Lens
2780	Clear	Clear
2783	Gray	Gray
2775	Amber	Amber
2777	Orange	Orange
2774	Vermilion	Vermilion
2779	Clear	Clear Anti-Fog
2778	Gray	Gray Anti-Fog
270M	Clear	Clear In/Out Mirror
278M	Gray	Silver Mirror
279M	Gray	Blue Mirror

Soft, adjustable nosepiece helps ensure proper fit.

**EASY FIT,  
CLASSIC STYLING**

Faces come in all shapes and sizes. That's why Gateway Safety offers multiple eye protection styles with features to ensure a more custom fit. These products offer adjustment options and the more traditional winged lens design, helping create some of our longest lasting style trends in eyewear.

**SCORPION®**

Loaded with features, Scorpion® offers the striking combination of style, comfort and safety.

- Adjustable length and ratcheting temples offer customized fit.
- Gap between frame and lens minimizes fogging.
- Free 'Scorpion's Tail' retainer helps prevent loss and damage.

Part #	Frame	Lens
16GB80	Black	Clear
16GB83	Black	Gray
16GB86	Black	Mocha
16GB75	Black	Amber
16GB69	Black	Blue Light Filter
16GB79	Black	Clear Anti-Fog
16GB78	Black	Gray Anti-Fog
16GB0M	Black	Clear In/Out Mirror
16GB1M	Black	Red Mirror
16GB6M	Black	Mocha Mirror
16GB7M	Black	Gold Mirror
16GB8M	Black	Silver Mirror
16GB9M	Black	Blue Mirror

Four-point ratchet temple adjustment for true one-size-fits-all comfort.

Fingertip nosepiece ... a true must-try feature!

**SCORPION® SM**

Same great features as the original Scorpion®, but sized 10% smaller for men with narrow faces, women and children.

Part #	Frame	Lens
16SM80	Black	Clear
16SM83	Black	Gray
16SM79	Black	Clear Anti-Fog
16SM0M	Black	Clear In/Out Mirror
16SM8M	Black	Silver Mirror

10% smaller for people with narrow faces.

**SCORPION® MAG**

Loaded with custom-fit features just like the original, with built-in bifocal magnification in 1.0, 1.5, 2.0, 2.5 & 3.0 diopters.

Bifocal helps to see small text and details.

Part #	Frame	Lens	Magnification
16MC10	Black	Clear	1.0 Diopter
16MC15	Black	Clear	1.5 Diopter
16MC20	Black	Clear	2.0 Diopter
16MC25	Black	Clear	2.5 Diopter
16MC30	Black	Clear	3.0 Diopter
16MG10	Black	Gray	1.0 Diopter
16MG15	Black	Gray	1.5 Diopter
16MG20	Black	Gray	2.0 Diopter
16MG25	Black	Gray	2.5 Diopter

## HAWK®

With a sleek, swooping style, Hawk® offers durable, wraparound impact protection in the workplace.

- Feather-light for ultimate comfort.
- Frameless, one-piece “winged” lens design offers extra side protection.
- Adjustable vinyl temples with grip-tight dots prevent slippage.

Part #	Temple	Lens
14GB80	Black	Clear
14GB83	Black	Gray
14GB86	Black	Mocha
14GB75	Black	Amber
14GB69	Black	Blue Light Filter

14GB6M	Black	Mocha Mirror
14GB7M	Black	Gold Mirror
14GB8M	Black	Silver Mirror
14GB9M	Black	Blue Mirror

Grip-tight temples gently hug wearer and prevent slippage.

## COBRA™

Poised to protect against workplace dangers, Cobra™ strikes a balance between comfort and safety.

- Sleek design features silky, rubberized coating on nylon frame.
- Soft, flexible earpieces and nosepiece provide comfort without pinching or slipping.
- One-piece polycarbonate design offers two distinct, wide viewing areas.

Part #	Frame	Lens
15GB80	Black	Clear
15GB83	Black	Gray
15GB86	Black	Mocha

Freedom frame

**FOAMED  
FAVORITES**

Eye injuries can also be caused by smaller particles, and Gateway Safety manufactures these specialty foam-lined products to provide extra protection from dirt and debris. You'll find a few safety glasses that provide goggle-like protection, and some that offer true goggle protection in a modern, lightweight style.

**SWAP®**

Glasses to goggles in just a snap. Swap® provides two products in one to meet different workplace needs and user preferences.

- Temples and head strap included, which can be switched out with the simple push of a button.
- Foam-lined frame helps block dust and debris, with venting channels to minimize fogging.
- Adjustable head strap for custom fit.

Part #	Frame	Lens
21GB80	Black/Foam Edge	Clear
21GB79	Black/Foam Edge	Clear Anti-Fog
21GB78	Black/Foam Edge	Gray Anti-Fog
21GB88	Black/Foam Edge	Amber Anti-Fog <b>New Lens!</b>
21GB0F	Black/Foam Edge	Clear In/Out Mirror Anti-Fog
21GB9F	Black/Foam Edge	Blue Mirror Anti-Fog

Temples to strap in seconds flat!

Soft foam controls dust and perspiration.

**Superior Anti-Fog Protection**

Gateway Safety's anti-fog formula is a high-quality, concentrated solution. The lens is fully dipped into the anti-fog formula, not just sprayed on one side. Dipping the lens coats each side of the lens to help fight fog in the toughest way.

**NEW**

## SWAP® MAG

The same exceptional features as the original Swap®, now in a bifocal version.

Part #	Frame	Lens	Magnification
Z1MA15	Black/Foam Edge	Clear Anti-Fog	1.5 Diopter
Z1MA20	Black/Foam Edge	Clear Anti-Fog	2.0 Diopter
Z1MA25	Black/Foam Edge	Clear Anti-Fog	2.5 Diopter
Z1MB15	Black/Foam Edge	Gray Anti-Fog	1.5 Diopter
Z1MB20	Black/Foam Edge	Gray Anti-Fog	2.0 Diopter
Z1MB25	Black/Foam Edge	Gray Anti-Fog	2.5 Diopter

Bifocal options in 1.5, 2.0 and 2.5

Soft, foam lining blocks falling debris

## STARLITE® FOAM

Same popular design as the original StarLite®, with a soft foam to block dirt and debris.

- Foam lining top and sides of lens blocks debris and absorbs perspiration.
- Incredibly light, all-around impact protection.
- Deep, universal-fit temples provide side protection equal to that of eyewear with large side shields.

Part #	Description	Temple	Lens
46FM79	Black/Foam Edge	Black	Clear Anti-Fog
46FM78	Black/Foam Edge	Black	Gray Anti-Fog

## WHEELZ® FOAM

Contemporary goggle protection for those who like to work hard, Wheelz® is lightweight and stylish.

- Compact frame is more comfortable than traditional bulky goggles.
- Whirlwind™ venting system minimizes fogging by circulating air through the optical chamber.
- Elastic head strap can easily be adjusted to ensure a safe, snug fit.

Part #	Frame	Lens
4589P	Black/Foam Edge	Clear Anti-Fog
4588P	Black/Foam Edge	Gray Anti-Fog

See the complete line of Wheelz goggles on page 25.

Wheelz, clear lens with foam edge blocks debris and absorbs perspiration.

## Flame Resistance

Gateway Safety foam-lined safety eyewear features foam that is flame resistant.

**BIFOCAL  
PROTECTION**

It's a fact that the American workforce is getting older, and many workers, as they age, begin to experience reduced visual capacity. For those same workers who require eye protection on the job yet need to see things up close, bifocal safety eyewear is an ideal solution. Gateway Safety offers a selection of bifocal eye protection in several popular styles, which allow workers to read or see small parts more clearly, without removing their safety eyewear.

Bifocal feature helps to enhance small details

**STARLITE® MAG**

Always in focus. The same great design as the original StarLite®, with built-in bifocal magnification.

- Large selection of diopter strengths and lens options available.
- Incredibly light, weighing less than one ounce.
- Deep, universal-fit temples provide wraparound side protection.

Part #	Temple	Lens	Magnification
46MC10	Clear	Clear	1.0 Diopter
46MC15	Clear	Clear	1.5 Diopter

46MA25	Clear	Clear Anti-Fog	2.5 Diopter
46MM15	Clear	Clear In/Out Mirror	1.5 Diopter
46MM20	Clear	Clear In/Out Mirror	2.0 Diopter
46MM25	Clear	Clear In/Out Mirror	2.5 Diopter

Part #	Description	Lens/Temple
46MC99	StarLite MAG Multi-Pack*	Clear/Clear

\*contains two of each diopter: 1.0, 1.5, 2.0, 2.5 & 3.0

Not sure of what diopter level your customers will want? Need a trial of each magnification option for your workers? Try the StarLite MAG Multi-Pack. One box contains two of each diopter in a clear lens.

## CONQUEROR® MAG

With the same commanding presence as the original, Conqueror® MAG bifocal protective eyewear helps to maximize small details while vanquishing impact hazards.

- Available in multiple diopter levels from 1.0 to 3.0.
- A soft, rubber nosepiece and ergonomic, contoured temple tips for all-day wear.
- Adjustable length eyewear retainer included with each pair.

Part #	Frame	Lens	Magnification
28MC10	Black	Clear	1.0 Diopter
28MC15	Black	Clear	1.5 Diopter
28MC20	Black	Clear	2.0 Diopter
28MC25	Black	Clear	2.5 Diopter
28MC30	Black	Clear	3.0 Diopter
28MG15	Black	Gray	1.5 Diopter
28MG20	Black	Gray	2.0 Diopter
28MG25	Black	Gray	2.5 Diopter

## SCORPION® MAG

Part #	Frame	Lens	Magnification
16MC10	Black	Clear	1.0 Diopter
16MC15	Black	Clear	1.5 Diopter
16MC20	Black	Clear	2.0 Diopter
16MC25	Black	Clear	2.5 Diopter
16MC30	Black	Clear	3.0 Diopter
16MG10	Black	Gray	1.0 Diopter
16MG15	Black	Gray	1.5 Diopter
16MG20	Black	Gray	2.0 Diopter
16MG25	Black	Gray	2.5 Diopter

Loaded with custom features like the original Scorpion®, with built-in bifocal magnification.

- Diopter strengths available in 1.0, 1.5, 2.0, 2.5 & 3.0.
- Adjustable length and ratcheting temples offer customized fit.
- Free “Scorpion’s Tail” retainer helps prevent loss and damage.

## SWAP® MAG

Providing foam-lined, anti-fog protection, in either a spectacle or a goggle ... now with a bifocal lens!

- Change out the temples and head strap with the simple push of a button.
- Foam-lined frame blocks dust and debris.
- Venting channels in the foam help minimize fogging.

Part #	Frame	Lens	Magnification
21MA15	Black/Foam Edge	Clear Anti-Fog	1.5 Diopter
21MA20	Black/Foam Edge	Clear Anti-Fog	2.0 Diopter
21MA25	Black/Foam Edge	Clear Anti-Fog	2.5 Diopter
21MB15	Black/Foam Edge	Gray Anti-Fog	1.5 Diopter
21MB20	Black/Foam Edge	Gray Anti-Fog	2.0 Diopter
21MB25	Black/Foam Edge	Gray Anti-Fog	2.5 Diopter

Mag bifocal in 1.5, 2.0 and 2.5 options.

### Aging Workforce

It is no secret that, as we age, our eyesight deteriorates. Workers who remove their safety glasses — even for a second — to put non-safety readers on to read instructions, gauges, manuals and other small print are putting themselves at risk. Bifocal safety eyewear is one of the fastest-growing segments in eye protection. Ask your Gateway Safety sales representative to give you the full tour of our MAG line-up.

# OVER-THE-GLASSES PROTECTION

Many workers who need industrial eye protection also wear corrective lenses, and prescription safety eyewear can be a costly option for employers. Over-the-glasses (OTG) eye protection is an alternative solution for employers who want a cost-effective product that still provides durable eye protection for those who wear prescription glasses.

## COVER2®

A contemporary OTG solution, Cover2® is more compact and lightweight than traditional, bulky OTG eyewear.

- One-piece polycarbonate lens fits over most prescription glasses.
- Lightweight design, with adjustable length temples for a customized fit.
- Flexible temple tips minimize pinching behind the head.

Soft temple tips make Cover2 an extremely comfortable OTG solution.

Part #	Temple	Lens
6980	Black	Clear
6983	Black	Gray

## COVERALLS™

Traditional style OTG eye protection. The generous size of CoverAlls™ will fit over nearly all prescription eyewear.

- Adjustable-length, ratcheting temples help provide a custom fit.
- Large, one-piece polycarbonate lens provides workers with a wide field of vision.
- Integrated brow guard and side shields offer additional protection.

Part #	Temple	Lens
6880	Black	Clear
6883	Black	Gray

# VISITOR SPECTACLES

Plant guests need eye protection too. For cost-effective, one-time use safety eyewear, Gateway Safety offers visitor spectacles in both bulk and dispenser box packaging.

## UTILITY™ VS

Classic Utility™ visitor spectacles are an uncoated, economical solution for plant guests who need one-time-use eye protection.

- Classic style combines a panoramic view with durable impact protection.
- Large, vented side shields help minimize fogging and provide extra coverage.
- Uncoated lenses for cost-effective options.

**Part #    Temple    Lens    Std. Pkg.**

**Dispenser Box**

5880	Clear	Clear	10/box
5883	Gray	Gray	10/box

**Bulk**

5880B	Clear	Clear	100/box
5883B	Gray	Gray	100/box

Dispenser box can be hung near plant doors for easy access by visitors.

## STROBE™ VS

With a traditional look, Strobe™ VS is an uncoated, cost-effective safety eyewear solution for visitors that still offers serious protection.

- Large, integrated side shields provide all-around protection.
- Rugged yet lightweight, with adjustable temples for maximum comfort.
- Available in black and blue frame patterns.

**Part #    Frame    Lens    Std. Pkg.**

**Bulk**

55GB80	Black	Clear	100/box
55GB83	Black	Gray	100/box
55RB80	Blue	Clear	100/box

# EYEWEAR ACCESSORIES

When not cared for properly, safety eyewear can turn into a costly expense for employers. Gateway Safety offers eyewear accessories that help extend the life of eye protection or add beneficial features to non-safety eyewear products.

## KLEEN VIEW®

Kleen View® lens cleaning products contain an anti-fog, anti-static formula that helps extend the life of eyewear.

- Attractive, compact lens cleaning stations in durable cardboard construction.
- Spray solution is packaged with soft, non-abrasive tissues.
- Single-use towelettes are also available for quick lens cleaning in a convenient dispenser box.

Part #	Description
551	Disposable Lens Cleaning Station 8 oz. Bottle of Solution/600 Tissues
552	Lens Cleaning Towelettes 100 Individually Sealed Towelettes

## EYEWEAR CASES

Eyewear cases help extend the life of safety eyewear by protecting glasses when not in use.

- Crumple pouch, with standard drawstring, easily holds most safety glasses.
- Available in standard black or a stylish silver vinyl with the Gateway Safety logo.

Part #	Description
C8000	Crumple Nylon Pouch with Drawstring
C8200	Silver Crumple Pouch with Gateway Safety Logo

## DOODADZ™ EYEWEAR RETAINERS

With a stylish design and cost-effective price, DooDadz™ are a popular solution for those who want their eyewear close at hand.

- Soft, nylon/polyester blend.
- QuikRelease™ breakaway feature.
- Sleeve tips fit most standard spectacles.

Part #	Description	Breakaway
420	Black	QuikRelease™
421	Red	QuikRelease™
422	Navy Blue	QuikRelease™
424	Gray	QuikRelease™

## GIZMO™ EYEWEAR RETAINERS

The pinnacle of stylish safety retainers, Gizmo's™ adjustable toggle provides an extra secure fit – it feels as good as it looks!

- 100% cotton material.
- QuikPop™ breakaway feature.
- Sleeve tips fit narrow spectacles.

Part #	Description	Breakaway
430	Black	QuikPop™
431	Red	QuikPop™
432	Navy Blue	QuikPop™
434	Gray	QuikPop™

## CORDZ™ EYEWEAR RETAINERS

Economically priced, Cordz™ are a highly versatile retainer that can be worn with virtually any glasses.

- 100% nylon material.
- QuikPop™ breakaway feature.
- Loop tips fit virtually all spectacles.

Part #	Description	Breakaway
400	Black	QuikPop™
402	Navy Blue	QuikPop™
407	Red	QuikPop™
414	Gray	QuikPop™
415	Hunter Green	QuikPop™
416	Hi-Viz Orange	QuikPop™
417	Freedom	QuikPop™

## FLIP-UPS™

Flip-Ups™ quickly attach to traditional, clear protective eyewear, enabling workers to do different jobs.

- Easy on/off spring-loaded clip firmly grips eyewear frame for secure fit.
- Flip-Ups do not separately comply with any protective eyewear standards.

Part #	Description
G2	Gray/Polarized
G4	IR Filter 5.0/2mm Thick Polycarbonate

## SIDE SHIELDS

Side Shields add side protection to traditional prescription and non-prescription eyewear.

- Available in easy-to-install slip on, clip-on or screw-on versions.

Part #	Description
US1	Clear Clip-On
AT1	Clear Slip-On
AT7	Clear Slip-On Spec-Shields®
SR1	Clear Screw-On

# IMPACT & SPLASH GOGGLES

For those who need protection from impact, dust, chemical splashes and other debris, safety goggles are the optimal solution. Gateway Safety provides traditional goggle styles that fit over most prescription glasses, as well as more modern, lightweight safety goggle options.

## WHEELZ®

Contemporary protection for those who work hard, Wheelz® is a lightweight and stylish goggle that provides excellent protection.

- Compact frame is more comfortable than traditional bulky goggles.
- Whirlwind™ ventilation system minimizes fogging by circulating air through the optical chamber.
- Elastic head strap can easily be adjusted to ensure a safe, snug fit.

Part #	Frame	Lens
45080	Clear	Clear
45883	Black	Gray
45079	Clear	Clear Anti-Fog
45878	Black	Gray Anti-Fog
4588M	Black	Silver Mirror
4589M	Black	Blue Mirror
4588F	Black	Silver Mirror Anti-Fog
4589F	Black	Blue Mirror Anti-Fog
45564	Green	IR Filter Shade 3.0
45566	Green	IR Filter Shade 5.0
4589P	Black/Foam Edge	Clear Anti-Fog
4588P	Black/Foam Edge	Gray Anti-Fog

Wheelz provides splash and impact protection, while also keeping out dust and debris.

Wheelz FOAM helps block debris and absorbs perspiration.

## CYCLONE®

Cyclone® is a premium splash-to-impact goggle, with a wide viewing area and a versatility that many workers need.

- Unique, removable vent inserts convert goggle from impact and splash protection to impact-only protection.
- Strong, polycarbonate lens is surrounded by a sturdy vinyl frame for extra durability.
- Adjustable headband ensures a comfortable, yet secure fit.

Part #	Vent	Lens
40211	Double-Take™ Inserts Included	Clear
40212	Double-Take™ Inserts Included	Clear Anti-Fog

Removable Double-Take inserts convert Cyclone from a splash to well-vented impact-only goggle in seconds.

Whirlwind™ Ventilation System improves user comfort by forcing air through optical chambers.

## Whirlwind™ Ventilation System

Industry experts agree that goggles can present a greater concern for fogging than regular safety glasses, because their snug fit may reduce ventilation. However, the Whirlwind™ ventilation system moves air within safety eyewear to help lower the temperature and evaporate humidity, reducing the fogging risk.

## TECHNICIAN™

A classic impact and splash goggle line, Technician™ already has the confidence of many workers.

- Traditional design features three unique venting system options: perforated, cap vent, and patented 390.
- Perforated and cap venting systems provide ideal impact protection for dusty environments.
- Innovative 390 (three separate 90° angles) venting system creates one of the best splash goggles available.

### Technician Impact Goggle

Part #	Vent	Lens
32021	Perforated Vent	Clear
32022	Perforated Vent	Clear Anti-Fog
32061	Cap Vent	Clear
32062	Cap Vent	Clear Anti-Fog

### Technician Splash Goggle

Part #	Vent	Lens
32391	390 Cap Vent	Clear
32392	390 Cap Vent	Clear Anti-Fog

390 Venting System

Technician Splash features unique venting system that consists of three 90° angles to prevent chemical splash intrusion!

# WELDING SAFETY EYEWEAR

Employees whose work exposes them to radiant energy or light radiation need special eye protection. Gateway Safety provides light welding protection in the form of IR safety glasses and goggles. Be sure to note the IR filter shade level needed for a particular environment or application.

## STARLITE® IR

Still the one. The original. The best. Popular, innovative design combines low-cost protective eyewear with all-around impact protection in IR Filter Shades 3.0 and 5.0.

Part #	Temple	Lens
4664	Black	IR Filter Shade 3.0
4666	Black	IR Filter Shade 5.0

## CONQUEROR® IR

Triumph over workplace hazards. Conqueror® is a cost-effective choice over similar styles with improved comfort features in IR Filter Shade 5.0.

Part #	Frame	Lens
28GB66	Black	IR Filter Shade 5.0

## STROBE™ IR

With a traditional look, Strobe™ is a cost-effective safety eyewear solution that still offers serious protection in IR Filter Shades 3.0 and 5.0.

Part #	Frame	Lens
49GB64	Black	IR Filter Shade 3.0
49GB66	Black	IR Filter Shade 5.0

## COVER2® IR OTG

A contemporary OTG solution, Cover2® is more compact and lightweight than traditional, bulky OTG eyewear in IR Filter Shade 5.0.

Part #	Temple	Lens
6966	Black	IR Filter Shade 5.0

### Safety Tip: IR Protection

A shade number on a welding lens indicates the intensity of IR light radiation that is allowed to pass through a filter lens to one's eyes. Therefore, the higher the shade number, the darker the filter and the less IR light radiation that will pass through the lens.

## WHEELZ® IR

Contemporary goggle style for those who need IR protection, Wheelz® IR is lightweight and stylish.

- Combines the style and comfort of the original Wheelz goggle, with the added protection of a low-level IR filter.
- Compact frame is more comfortable than traditionally bulky goggles.
- Elastic head strap can easily be adjusted to ensure a safe, snug fit.

Part #	Frame	Lens
45564	Green	IR Filter Shade 3.0
45566	Green	IR Filter Shade 5.0

## REPLACEMENT FILTER & SAFETY LENSES

Gateway Safety filter and safety lenses have been tested and certified to meet the high mass and high velocity impact tests of ANSI Z87.1+ and CSA Z94.3 standards when properly installed with Gateway Safety goggles.

### POLYCARBONATE IR FILTER LENSES

Provide limited infrared filtration during welding applications.

Part #	Size	Lens
50U	50mm	Shades 4-6
24U	2 x 4-1/4"	Shades 4-6, 8-12
45U	4-1/2 x 5-1/4"	Shades 8-12

### CLEAR POLYCARBONATE COVER/SAFETY LENSES

Provide limited impact protection for welding applications.

Part #	Size	Lens
50U01	50mm/.060" Thick	
24U01	2 x 4-1/4"/.060" Thick	
45U01	4-1/2 x 5-1/4"/.060" Thick	

### GOLD-COATED POLYCARBONATE IR FILTER LENSES

Provide exceptional heat deflection, resulting in a better field of vision.

Part #	Size	Lens
24G	2 x 4-1/4"	Shades 8-12
45G	4-1/2 x 5-1/4"	Shades 8-12

### CLEAR POLYCARBONATE MAGNIFYING LENSES

Provide magnified vision, which reduces eye fatigue and discomfort.

Part #	Size	Lens
CPM	2 x 4-1/4"	See Diopter Options

**Diopters:** 0.75/1.00/1.25/1.50/1.75/2.00/2.25/2.50

### CLEAR POLYCARBONATE CHIPPING LENSES

Provide limited impact protection for chipping applications.

Part #	Size	Lens
LP1	50mm/3mm Thick	Clear

## 1710 LIFT FRONT GOGGLE & 1775 STATIONARY FRONT GOGGLE

Classic, soft frame welding goggle series that provides optimal view of the work area.

- Available in a lift-front or stationary-front option.
- Soft, vinyl frame includes a large venting hood that minimizes fogging.
- Designed to fit over most spectacles and accommodate magnifying lenses.

Part #	Frame	Lens
1710U50	Soft	2 x 4-1/4" Cover/Lift Front/Shade 5
1775U50	Soft	2 x 4-1/4" Cover/Stationary Front/Shade 5

## 1100 ECONOMY WELDING GOGGLE

An economical, fixed, soft frame solution in a classic welding goggle style.

- Soft, lightweight frame is contoured to hug the face securely.
- Large frame fits over most spectacles.
- Popular goggle for employers with a limited safety budget.

Part #	Frame	Lens
1100U50	Soft	2 x 4-1/4" Cover/Shade 5

## 36 CUP GOGGLE & 35 CHIPPING GOGGLE

Classic, 50mm rigid cup welding goggle.

- Ideal for light welding applications in hot environments.
- Double walled eyecups with multiple slot vents help minimize fogging.
- 3mm thick, scratch-resistant polycarbonate lenses.

Part #	Frame	Lens
36U50	Rigid	50mm Cup/Shade 5
35IPO	Rigid	50mm/Cup/Clear

# FACE PROTECTION

Headgear & Visors | Cap Adapters

## FACE PROTECTION ICONS TO LOOK FOR

Throughout the Face Protection section of this catalog, you will find a number of icons. Each icon packs a lot of information into a little bit of space. Don't take them lightly. When choosing personal protection, consider whether the "mark" is appropriate for your application.

When you see the **ANSI Z87.1+ Certified** icon, you know that both Gateway Safety and an independent third party laboratory regularly test and certify that this product meets or exceeds the ANSI Z87.1+ standard.

When you see the **CSA Z94.3 Certified** icon, you know that both Gateway Safety and an independent third party laboratory regularly test and certify that this product meets or exceeds the CSA Z94.3 standard.

When you see the **Meets ANSI Z87.1+** icon, you know that Gateway Safety regularly tests and certifies that this product meets or exceeds the ANSI Z87.1+ standard.

When you see the **Meets CSA Z94.3** icon, you know that Gateway Safety regularly tests and certifies that this product meets or exceeds the CSA Z94.3 standard.

When you see the **c-UL-us LISTED** icon, you know that Underwriters Laboratories is the independent, third-party agency that has certified that this product meets the ANSI Z87.1+ and CSA Z94.3 standards. Confirmation can be found in their 'Online Certifications Directory' at [www.ul.com](http://www.ul.com).

When you see the **99.9% UV-A, UV-B and UV-C Protection** icon, you know that Gateway Safety regularly tests and certifies that this product blocks 99.9% of UV-A, UV-B and UV-C radiation up to 380nm.

## VISOR SELECTION CHART

More than ornamental, each visor option serves a specific function. This visor selection chart provides a general usage guideline. However, always consult your safety director to determine the proper visor option for each application. All Gateway Safety visors block 99.9% of UV-A, UV-B and UV-C light, up to 380 nm.

Clear

Ideal for indoor applications. Excellent general purpose selection, offering superior optics and impact protection.

Gray

Primarily used for outdoor applications. Minimizes glare that can result in eye strain and fatigue.

IR Filter Shade 3.0

IR Filter Shade 5.0

For use around light welding or light brazing/cutting.

All certification information is accurate as of the print date of this catalog. For updated information, contact Gateway Safety's customer service department at 800-822-5347. All Gateway Safety products come with a limited warranty. See page 3 for warranty information.

# HEADGEAR & VISORS

Gateway Safety's face protection products are known for their superior fit and comfort. From anti-fog to specialty visors for light welding and cutting, our face shields are tested for safety and quality, and designed to help increase compliance in a wide range of applications.

## VENOM®

Take the bite out of harmful environments. The award-winning Venom® design is a formidable, but economical, face protector.

- Sleek, contemporary visor design that offers complete protection from forehead to chin.
- Three-part adjustment system provides a custom, comfortable fit for all-day use.
- Rotating ratchet adjustment easily fits over the nape of the neck for a secure fit.

Part #	Description
677	Venom® Headgear Only
679	Venom® Combo-Pak: 677 Headgear & 675 Visor
687	Venom Replacement Browpad

### Venom® Visors .060" Polycarbonate - Cylinder, Molded

Part #	Description	Visor
675	9 X 15-1/2" Venom® Visor	Clear
678	9 X 15-1/2" Venom® Visor	Gray
676	9 X 15-1/2" Venom® Visor	Clear Anti-Fog
683	9 X 15-1/2" Venom® Visor	IR Filter Shade 3.0
685	9 X 15-1/2" Venom® Visor	IR Filter Shade 5.0

### Face Protection Survey

In a recent employee survey conducted by a national pharmaceutical company, 83% of those surveyed gave Gateway Safety's Venom® face protection a positive review for fit and comfort. In comparison, only 32% of those surveyed gave the other face protection products a positive review. The company had implemented the survey to increase compliance and reduce complaints regarding the face protection products being offered to its employees. Survey participants reported that Venom fit well, especially over goggles, felt extremely comfortable and provided a better fit overall.

Three-part comfort adjustment system makes Venom the brand to choose for long-wearing — or even all-day applications.

## UNIVERSAL-FIT VISORS

Traditional visor design. Featuring a universal-fit hole pattern that can be worn with most headgear and cap adapter brands.

- Rectangular-shaped visors are available in molded or flat-stock alternatives.
- Lightweight yet durable face protection is a cost-effective alternative.
- Universal-fit visors can be worn with the award-winning Venom® headgear units.

### .060" Polycarbonate - Rectangular, Molded

Part #	Description	Visor
660	8 X 15-1/2"	Clear
661	9 X 15-1/2"	Clear
663	8 X 15-1/2"	IR Filter Shade 5.0
664	8 X 15-1/2"	IR Filter Shade 3.0
674	8 X 15-1/2"	IR Filter Shade 5.0/Gold Mirror

### .040" Polycarbonate - Rectangular, Flat Stock

Part #	Description	Visor
651	8 X 15-1/2"	Clear/Aluminum Bound
654	8 X 15-1/2"	Clear/Unbound

*Flat stock visors meet the ANSI Z87.1 standard.*

### .040" PCTG - Rectangular, Flat Stock

Part #	Description	Visor
668	8 X 15-1/2"	Clear

*Flat stock visors meet the ANSI Z87.1 standard.*

## CAP ADAPTERS

Head and face protection...combined. Cap Adapters facilitate the use of Venom® visors and universal-fit visors with most hard hats.

- Standard Di-Electric. Secured by a durable strap, this adapter fits most hard hats.
- Slotted Di-Electric. Adapter is secured by blades that snap into certain hard hat slots.
- Aluminum. Secured by a coiled spring, this rugged adapter fits most hard hats.

Part #	Description
680	Di-Electric Cap Adapter
681*	Slotted Di-Electric Cap Adapter
682	Aluminum Cap Adapter

*\*681 specially designed only for Standard hard hat.*

Cap adapters quickly turn standard safety helmets into versatile head and face protection.

# HEAD PROTECTION

## Safety Helmets

### HEAD PROTECTION ICONS TO LOOK FOR

In the Head Protection section of this catalog, you will find a pair of icons. Both icons pack a lot of information into a little bit of space. Don't take them lightly. When choosing personal protection, consider whether the 'mark' is appropriate for your application.

When you see the **Independently Tested ANSI Z89.1 Type I Class E** icon, you know that this product has been independently tested and it meets the ANSI Z89.1 standard for Type I, Class E, G & C safety helmets.

When you see the **Independently Tested ANSI Z89.1 Type I Class C Only** icon, you know that Gateway Safety has had this product independently tested and it meets the ANSI Z89.1 standard for Type I, Class C safety helmets **ONLY**. Accordingly, it is conductive and should **NOT** be used whenever there is a risk of electrical conductivity.

Head Protection imprinting is available upon request. See page 40 for more information.

All certification information is accurate as of the print date of this catalog. For updated information, contact Gateway Safety's customer service department at 800-822-5347.

All Gateway Safety products come with a limited warranty. See page 3 for warranty information.

**SAFETY HELMETS**

Gateway Safety offers safety helmets for virtually every work environment, with customization and styling that can really make a positive difference for the wearer. From vented shells that allow heat to escape in hot working environments to electrical insulation, our helmets have features like a soft brow pad and rotating ratchet to get just the right fit for daily wear. When you need comfort and protection, we deliver.

**New Product of the Year**

The Serpent safety helmet won "New Product of the Year" in Head Protection from Occupational Health & Safety's 2013 awards program.

**SERPENT® SAFETY HELMET**

Serpent® is an ultra-comfortable safety helmet that offers durable head protection for a wide range of work environments.

- Sleek, snake-head shell design provides modern style.
- Manufactured from a high-density polyethylene material that's incredibly lightweight — just 13.1 ounces.
- Eight-point, six-strap nylon suspension is comfortable yet provides exceptional impact absorption.
- Soft, cloth brow pad helps absorb moisture.
- Independently tested to meet ANSI Z89.1, including the voluntary optional tests for reverse donning, lower temperature, and high visibility performance.

**SERPENT® SAFETY HELMET (CLASS E)**

- A sleek, closed shell design makes this product suitable for most environments.
- Independently tested to meet the ANSI Z89.1 standard for Type I, Class E, G & C safety helmets.

**Pin-Lock Suspension**

Part #	Shell
72100	White
72101	Yellow
72102	Red
72103	Blue
72104	Orange
72105	Green

**Ratchet Suspension**

Part #	Shell	Part #	Shell
72200	White	72206	Pink
72201	Yellow	72207	Black
72202	Red	72208	Gray
72203	Blue	72216	Hi-Viz Orange
72204	Orange	72218	Hi-Viz Limon
72205	Green		

**Replacement Parts (all Serpent models)**

Part #	Description
71120	Suspension, Pin-Lock
71220	Suspension, Ratchet
71229	Brow Pad

**Ratchet adjustment makes sizing easy.** Available with a rotating ratchet suspension, which adjusts to fit 6-5/8 – 8-1/4 head sizes. Pin-lock adjustment is also available.

CoolSense™ Air Flow System lets heat escape, keeping workers cooler, which promotes compliance.

## SERPENT® SAFETY HELMET (CLASS C)

- A vented shell allows heat to escape, keeping workers cooler on hot jobsites.
- Independently tested to meet the ANSI Z89.1 standard for Type I, Class C helmets only.

### Pin-Lock Suspension

Part #	Shell
71100	White

### Ratchet Suspension

Part #	Shell
71200	White
71201	Yellow
71202	Red
71203	Blue

633	Blue
634	Orange
635	Green
636	Hi-Viz Orange
638	Replacement Suspension

### Replacement Parts

Part #	Description
639	Standard Brow Pad

### Safety Tip

The ANSI Z89.1 head protection standard includes three optional tests for safety helmets. Look for these marks on your safety helmet to determine if the manufacturer has taken these extra steps:

**Reverse Donning:** Helmets marked with a “reverse donning arrow”  can be worn frontward or backward in accordance with the manufacturer’s wearing instructions. They pass all testing requirements, whether worn frontward or backward.

**Lower Temperature:** Helmets marked with an “LT” indicate that the hard hat meets all testing requirements of the standard when preconditioned at a temperature of -30°C (-22°F).

**High Visibility:** Helmets marked with a “HV” indicates that the hard hat meets all testing requirements of the standard for high visibility colors. This includes tests for chromaticity and luminescence.

# HEARING PROTECTION

Earplugs | Earmuffs

## HEARING PROTECTION ICONS TO LOOK FOR

Throughout the Hearing Protection section of this catalog, you will find a number of icons. Each icon packs a lot of information into a little bit of space. Don't take them lightly. When choosing personal protection, consider whether the 'mark' is appropriate for your application.

When you see this icon you know that this hearing protection has been independently tested in an accredited laboratory and obtained a noise reduction rating of 31.

When you see this icon you know that this hearing protection has been independently tested in an accredited laboratory and obtained a noise reduction rating of 28.

When you see this icon you know that this hearing protection has been independently tested in an accredited laboratory and obtained a noise reduction rating of 25.

## INDEPENDENT TESTING IN ACCREDITED LABS

Historically, manufacturers of hearing protection devices have obtained their Noise Reduction Ratings (NRR) in an in-house laboratory setting. However, many safety experts recommend the use of an independent, accredited laboratory to determine NRR data.

Gateway Safety has all of our hearing protection devices independently tested at an accredited laboratory. As a result, employers can provide our hearing protection devices with the confidence that Gateway Safety's NRR data is accurate and has been verified by a non-biased, third-party source.

All certification information is accurate as of the print date of this catalog. For updated information, contact Gateway Safety's customer service department at 800-822-5347.

All Gateway Safety products come with a limited warranty. See page 3 for warranty information.

**EARPLUGS & EARMUFFS**

These hearing protection solutions fit the ears of employees...and the budgets of their employers. Gateway Safety's earplugs and earmuffs are comfortable and easy to use. Plus, they come in noticeable designs and colors that make compliance checks easy.

**GLOPLUGZ®**

Serious protection at an affordable price. Soft, comfortable GloPlugz® feature a high, independently tested 31 NRR.

- Manufacturing process creates a soft, smooth "skin" that makes insertion easy.
- Made of a non-allergenic and moisture-resistant polyurethane material.

Part #	Description
92202	Uncorded, Tapered PU Earplugs/Polybagged
92212	Corded, Tapered PU Earplugs/Polybagged

Dispenser box allows for easy access and encourages compliance!

**TWISTERS™**

A sound solution ... reusable protection. A long-wearing, multi-use earplug that will benefit your bottom line.

- Triple-flanged design, with an air bubble tip, provides exceptional long-term comfort.
- Soft silicone material is easy to clean, which helps extend your hearing-protection budget.

Part #	Description
93002	Uncorded, Triple-Flanged Earplugs/Polybagged
93012	Corded, Triple-Flanged Earplugs/Polybagged

**SOUNDDECISION™**

A smart solution. SoundDecision™ is an economical response to limited hearing-protection budgets.

- A standard style that provides high-quality, low-cost, mid-level hearing protection.
- Fully adjustable headband and light weight make this a very comfortable earmuff.

Part #	Description
95134	Three Position, Di-Electric, Green & Black Earmuff

**SOUNDOUT™**

Powerful protection. SoundOut™ is one of the most effective, independently tested earmuffs available.

- Durable design that features bright red cups, making compliance checks incredibly simple.
- Large, thick cups, with exceptionally large comfort cushions, help ensure an extremely effective seal.

Part #	Description
95234	Three Position, Di-Electric, Red & Black Earmuff

**Safety Tip**

According to the Occupational Safety and Health Administration, employers should provide hearing protection to their employees whenever noise exposure equals or exceeds an eight-hour, time-weighted, average sound level of 85 decibels.

# RESPIRATORY PROTECTION

N95 | N99 | P100 Disposable Respirators

## RESPIRATORY PROTECTION ICONS TO LOOK FOR

In the Respiratory Protection section of this catalog, you will find a number of icons. Each icon packs a lot of information into a little bit of space. Don't take them lightly. When choosing personal protection, consider whether the "mark" is appropriate for your application.

When you see the **N95 NIOSH Approved** icon, you know that NIOSH regularly tests and certifies that this product provides 95% filtration against particulate aerosols free of oils below the Permissible Exposure Limit (PEL).

When you see the **N99 NIOSH Approved** icon, you know that NIOSH regularly tests and certifies that this product provides 99% filtration against particulate aerosols free of oils below the Permissible Exposure Limit (PEL).

When you see the **P100 NIOSH Approved** icon, you know that NIOSH regularly tests and certifies that this product provides 99.97% filtration against particulate aerosols below the Permissible Exposure Limit (PEL).

### Respiratory Violations

Respiratory protection violations commonly rank in the top five under OSHA's annual most frequently cited violations list. Comfort features, such as those found in a PeakFit respirator, are key to helping employers increase compliance rates among their employees.

# DISPOSABLE RESPIRATORS

Gateway Safety's collection of NIOSH-approved respiratory products provide N95 to P100 levels of protection. These disposable particulate respirators are exceptionally comfortable and available at a better value than many competing products in the market.

The peak of safety and comfort in NIOSH-approved, disposable respiratory protection, PeakFit® offers the perfect fit.

- Large, contoured design makes breathing easy, reducing worker fatigue.
- Molded nose bridge, with no metal nosepiece — no pinching required.
- Adjustable, one-piece cloth head strap is more durable and comfortable than conventional, stapled versions.

Part #	Description
80101	N95 Particulate Respirator/Without Vent 95% filtration against particulate aerosols free of oils below the PEL
80102V	N95 Particulate Respirator/With Vent 95% filtration against particulate aerosols free of oils below the PEL
80104CV	N95 OV Particulate Respirator/With Vent 95% filtration against particulate aerosols free of oils below the PEL and nuisance level organic vapors below the PEL
80105A	N95 AG Particulate Respirator/Without Vent 95% filtration against particulate aerosols free of oils below the PEL and nuisance level organic vapors and acid gases below the PEL

Adjustable cloth head strap provides a custom fit and tight seal.

TruAir®'s tried-and-true design is widely accepted, helping increase compliance, while answering the call for cost-effective N95 protection.

- Large, molded shell helps to reduce breathing resistance, minimizing end-user fatigue.
- Adjustable metal nosepiece provides a safe, secure fit.
- Non-latex, elastic head straps.

Part #	Description
80301	N95 Particulate Respirator/Without Vent 95% filtration against particulate aerosols free of oils below the PEL
80302V	N95 Particulate Respirator/With Vent 95% filtration against particulate aerosols free of oils below the PEL

TruAir® Plus is one of the most cost-effective N99 respirators on the market.

- Same tried-and-true design with N99 level protection.

Part #	Description
80402V	N99 Particulate Respirator/With Vent 99% filtration against particulate aerosols free of oils below the PEL

Value-priced P100 protection. Loaded with features, TruAir® Ultra is one of the most cost-effective P100 solutions available.

- 99.97% filtration against particulate aerosols below the Permissible Exposure Limit.

Part #	Description
80902V	P100 Particulate Respirator/With Vent 99.97% filtration against particulate aerosols below the PEL

Individually and hygienically sealed, SaniFold® respirators help ensure the contaminant-free condition of each mask when opened.

- Foldable design is ideal for easy carrying and storage.
- Large, flexible shell creates an "air pocket" that makes breathing easier.
- Ultra-soft polypropylene lining provides superior comfort.

Part #	Description
80201	N95 Particulate Respirator/Without Vent 95% filtration against particulate aerosols free of oils below the PEL
80202V	N95 Particulate Respirator/With Vent 95% filtration against particulate aerosols free of oils below the PEL

SaniFold® respirators remain contaminant-free in the tool box or at the workstation.

# SAFETY ID LANYARDS

## GADGETZ™

ID scanning ... with just a click. Gadgetz™ features a two-piece, detachable clasp that makes it an excellent solution for swiping of ID cards.

- Extremely durable, 100% polyester material.
- Features Mega QuikRelease™ breakaway protection.

Part #	Color	Breakaway
460	Black	Mega QuikRelease™
461	Red	Mega QuikRelease™
462	Navy Blue	Mega QuikRelease™

## TRINKETZ™

Protect Your Workplace. Trinketz™ comes with an adjustable toggle, which helps eliminate loose material, keeping workers safe and workplaces secure.

- Sturdy, interwoven nylon and polyester blend.
- Features QuikPop™ breakaway protection.

Part #	Color	Breakaway
480	Black	QuikPop™
481	Red	QuikPop™
482	Navy Blue	QuikPop™
487	Freedom	QuikPop™

## WIDGETZ™

Workplace Security That Fits Any Budget. Widgetz™ is a cost-effective identification solution to precarious workplace environments.

- Soft nylon/polyester blend.
- QuikRelease™ breakaway protection.

Part #	Color	Breakaway
471	Red	QuikRelease™
474	Gray	QuikRelease™

## SPINNERZ™

A Secure Workplace ... With Just a Swipe. Spinnerz™ features a 30" coiled extension cord, which is an ideal solution for ID scanning.

- Keeps ID out of the way when not in use.
- 1/2" diameter imprintable surface.

Part #	Color	Size
490	Black	30" Retractable Cord
491	Red	30" Retractable Cord
492	Blue	30" Retractable Cord

## BADGE HOLDERS

Protect your ID badge, proximity card, driver's license or other forms of identification that don't have a pre-punched slot.

Part #	Size
500	2-1/2" (H) x 3-1/2" (W)
510	3-1/2" (H) x 2-1/2" (W)

500

510

# FAUCET-MOUNTED STATION

## KLEEN EYES® II

New and Improved. Kleen Eyes® II comes loaded with value-added enhancements.

- Adjustable fountain tips are 2" apart.
- Automatic diverter valve allows unit to return to normal operation when water is shut off.
- Connection ring simplifies difficult installations or alignments.

Part #	Description
KKE20	Kleen Eyes II

# IMPRINTING & PRIVATE LABELING

## PRODUCT IMPRINTING

Basic imprinting is an excellent, yet economical, way for distributors and end users to get their message out. For distributors who put their logo on the Gateway Safety products that they distribute, imprinting helps encourage customers to think of them first when it's time to reorder. For end users, it's an outstanding way to promote their brand and/or build enthusiasm for their company and its safety program.

## SAFETY GLASSES IMPRINTING

One- or two-color imprinting is also available on most Gateway Safety glasses. There is a minimum order of 100 units per safety glass style, with a 15 business day lead-time on all imprinting orders.

## SAFETY HELMETS IMPRINTING

One- or two-color imprinting is available on all Gateway Safety helmets. There is a minimum order of 20 units per safety helmet style, with a 15 business day lead-time on all imprinting orders.

## PRIVATE LABEL PRODUCTS

Large-volume users of Gateway Safety products have another customization option available – private label products.

With the purchase of significant quantities, Gateway Safety is able to produce safety products to the unique color scheme of its distributor partners. Combined with a company logo, these colorful, branded safety products will be a powerful addition to any product line or marketing program.

For more information on product imprinting programs or to learn more about creating a line of private label products, contact Gateway Safety's sales department at **800-822-5347**.

## BECOMING A GATEWAY SAFETY DISTRIBUTION PARTNER

Ask yourself, “Does my current supplier of above-the-shoulders safety equipment:”

	Gateway Safety	Your Current Supplier
Hold numerous product design awards, design patents and utility patents?	✓	?
Verify their quality with independent, third-party testing and certification programs?	✓	?
Provide me with unique products and proven quality at a cost-effective price point?	✓	?
Support my efforts with extensive advertising, public relations and customized sales tools?	✓	?
Ship more than 99% of catalog stock orders within 24 hours and have a fill rate of over 99%?	✓	?

You can see the difference. Here’s what you can look forward to in a partnership with Gateway Safety.

- **Product Innovation.** As the place *Where Safety Meets Style*, Gateway Safety invests significant time and resources into the design and development of our industrial safety products. We work hard to develop superior safety products that look better, fit better and achieve better compliance. Our most innovative product features are patented, and several products have received third-party awards for their unique designs that provide both style and comfort.
- **Product Quality.** Gateway Safety helps minimize your product liability risk. Although it’s not required by OSHA, Gateway Safety goes the extra step with many of our safety products by implementing an independent, third-party testing program. This ensures that our products meet the appropriate safety standards.
- **Cost-Effective Pricing.** Gateway Safety products will help improve your bottom line. Unlike many of our competitors with high overhead costs and bloated marketing budgets, Gateway Safety focuses on keeping our costs low and creating as many operating efficiencies as possible. As a result, we can provide our distribution partners with quality, cost-effective products.
- **Customized Marketing Support.** Our distribution partners can take advantage of unique distributor marketing tools, including a sample kit program, custom flyer program and quarterly company newsletter. We also maintain a dynamic advertising program that includes a high level of end-user marketing to assist our distribution customers with growing their business.
- **Superior Customer Service.** Gateway Safety customer service representatives are knowledgeable, friendly people who take pride in service and always “go the extra mile” to meet and exceed our partners’ needs. Plus, over 99% of our orders ship accurately, ship within 24 hours and ship complete; i.e., no backorders or errors of any kind.

You can count on Gateway Safety to be a solid long-term partner. Please give us a call at **800-822-5347** or visit our website **www.GatewaySafety.com** to learn more.

**MARKETING TOOLS**

Gateway Safety helps support your efforts through a variety of marketing and support tools. Few of our competitors can offer these specialized programs that are customized for each distributor based on their needs. Take advantage of these great tools today!

**SAFETY EYEWEAR DISPLAYS**

Point-of-Purchase Power. Eyewear displays remind customers about the importance of safety, resulting in an excellent source of impulse income.

- Stylish displays make a great first impression.
- Designed to hold all Gateway Safety eyewear.

Part #	Description
530010	10-Unit Display
530024	24-Unit Display
530036	36-Unit Display

**RETAINER/ID LANYARD DISPLAY**

Supplementary Sales. Eyewear retainers extend the life of safety spectacles, while ID lanyards help create a secure work environment.

- Point-of-purchase displays are a proven source of secondary income.
- Designed to accommodate all Gateway Safety eyewear retainers and ID lanyards.

Part #	Description
530008	8-Hook Display

**CUSTOM PACKAGING PROGRAMS**

A Powerful Presentation. Gateway Safety's retail packaging program offers a customizable solution that helps merchandise stand out in the crowd.

- Blister Pack offers first class impression.
- Clam Pack provides 360° view of product.

**HUGH B. SAFE™ STRESS BALLS**

Cultural Icon. Safety Advocate. Hugh B. Safe™ promotes the Gateway Safety eye, face, head, hearing, and respiratory protection product lines.

- Very popular marketing tool at trade shows.
- Made of a soft, easy-to-squeeze foam material.

**CUSTOM SALES TOOLS**

Showing Some Sales Team Love. Customized flyers and Sales Kits will inspire your sales force to sell more safety.

- Custom Flyers. You select the colors and products, we lay it out, then email you the PDF or send printed copies.
- Sales Kits. Pick your products to show, we design the label, fill the boxes with samples, and send them off to your sales team.

**PRODUCT LITERATURE**

Influential Sales Support. Gateway Safety spec sheets provide compelling sales information that leaves a positive, long-lasting impression.

- Persuasive solution for promoting new products.
- Available for most Gateway Safety product lines.
