

I. Product Description

CRC HydroForce® Stainless Steel Cleaner & Polish blends the aqueous-based power of HydroForce® with a durable metal polish in one easy step. Using a CRC exclusive ultra shine formula, HydroForce® eliminates dirt, dust, fingerprints and watermarks from stainless steel and leaves behind a protective, non-greasy barrier that resists the return of these stains. With a quick buff, HydroForce® cleans the surface and leaves behind a lasting stainless steel shine.

II. Applications

Created specifically for industrial applications, HydroForce® is formulated with powerful cleaning agents designed to out-clean, out-shine and out-perform competing janitorial stainless steel cleaners.

III. Features & Benefits

- **Ultra Shine Formula** eliminates dirt, dust, fingerprints and watermarks from stainless steel
- **Industrial Strength** out-cleans, out-shines, and out-performs competing janitorial stainless steel cleaners
- **Product is ready to use.** No dilution is necessary
- **Perfect for use** on all stainless steel, chrome, aluminum, & other shiny metal surfaces
- **Non-Corrosive,** biodegradable, non-flammable, and non-ozone depleting
- **NSF Registration #120893,** Category Code: C1 for use in meat and poultry plants

IV. Physical Properties without propellant

Flash Point	None	Boiling Point	Not Determined
Odor	Mild	Freezing Point	Not Determined
Appearance	White opaque liquid	Solubility	Soluble in water
Vapor Density	Not Determined	pH	10.5
Vapor Pressure	Not Determined	Specific Gravity	0.95 @ 70°F
VOC Content (Fed)	137.8 g/L	Propellant	Propane / Isobutane
Sara Title III, Sect. 313 Chemicals	No		
Prop 65	Yes		

V. Specifications and Approvals

- NSF Registration #120893, Category code: C1 for use in meat and poultry plants

VI. Directions

- Product is ready to use. No dilution is necessary.
- Shake well and apply sparingly on surface to be cleaned.
- On heavily soiled surfaces, allow HydroForce® to penetrate the soil for 10 to 30 seconds.
- Wipe with a clean, lint-free cloth or paper towel.

VII. Package Description

Part Number	Container Size
14424	20 oz Aerosol

VIII. Disposal

Disposal requirements vary by state and local jurisdiction. All used and unused product should be disposed of in conformance with local, state and federal regulations.

IX. Special Use Warnings

Aerosol Cans

Do not puncture, incinerate or store above 120°F. Exposure to high temperatures may cause can to burst. Do not place in direct sunlight or near any heat source. Aerosol cans will conduct electricity. Keep away from all live electrical sources including battery terminals, solenoids, electrical panels and other electronic components. Failure to observe this warning may result in serious injury from flash fire and/or electrical shock.

General

Use only in well ventilated area. Ventilation may be improved by opening a window or door or providing mechanical assistance. Avoid continuous breathing of vapor and spray mist. Avoid contact with skin and eyes. If ventilation is not adequate, respiratory protection should be worn. For more information regarding short term and long term exposure, review this product's Safety Data Sheet.
