F1, FED1, NP1, NP2, NP3, NP4, NP5, NP6, NP9, NPZ T1, T1-INV, T1-PL, T2, T3, T4, and Custom-Printed PLEs

Technical Data November, 2006

Product Description

3MTM Packing List Envelopes are an oil-resistant and water-resistant polyethylene envelope for packing slips, invoices, cards, and other shipping documents. This packet has pre-sealed edges, is loaded from the back, and has a synthetic rubber adhesive on the back that is covered by an easily removed paper liner. These envelopes work well in situations where the shipping orders are generated in an office area and later applied to the proper package in the shipping area.

| Construction | Backing | Adhesive | Liner | Colors | Standard Print |
|--------------|-------------------|------------------------|---------------------------------|--------|---------------------------------|
| | Polyethylene film | Synthetic rubber resin | White or natural Kraft paper | Clear | Black letters on red background |

Typical Physical Properties

Note: The following technical information and data should be considered representative or typical only, and should not be used for specification purposes.

| | | ACTIN TOOL MOUTOU |
|------------|-------|-------------------|
| Thickness: | | |
| Top Sheet: | 2 mil | D-3652 |
| Total: | 5 mil | D-3652 |
| Liner: | 42# | |

Features

- Back slit opening in standard offering.
- F fully printed front, "PACKING LIST/ INVOICE ENCLOSED".
- FED no print, perforated.
- NP no print.
- T top printed, "PACKING LIST/ INVOICE ENCLOSED".
- T1-INV top printed, "INVOICE ENCLOSED".
- T1-PL top printed, "PACKING LIST ENCLOSED".
- Z zipper.
- · Portable.

- Immediate adhesion.
- · Consistent dimensions.
- Custom printing available.
- Holds papers securely to package.

ASTM Test Method

- Protects papers from water and oil splashes.
- Easy to apply to packages.
- No need for dispenser.
- Eliminates need to stock separate inventories.
- Can serve as interim holder for papers to be attached to shipping container.

| Product Use | All statements, technical information and recommendations contained in this document are based upon tests or experience that 3M believes are reliable. However, many factors beyond 3M's control can affect the use and performance of a 3M product in a particular application, including the conditions under which the product is used and the time and environmental conditions in which the product is expected to perform. Since these factors are uniquely within the user's knowledge and control, it is essential that the user evaluate the 3M product to determine whether it is fit for a particular purpose and suitable for the user's method of application. | | | | | |
| Warranty and Limited Remedy | Unless stated otherwise in 3M's product literature, packaging inserts or product packaging for individual products, 3M warrants that each 3M product meets the applicable specifications at the time 3M ships the product. Individual products may have additional or different warranties as stated on product literature, package inserts or product packages. 3M MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE. User is responsible for determining whether the 3M product is fit for a particular purpose and suitable for user's application. If the 3M product is defective within the warranty period, your exclusive remedy and 3M's and seller's sole obligation will be, at 3M's option, to replace the product or refund the purchase price. | | | | | |
| Limitation of Liability | Except where prohibited by law, 3M and seller will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability. | | | | | |
