

NSP-4610B Multi-Function Headlamp

MARKET APPLICATIONS	Law enforcement, search & rescue, aviation, industrial, automotive and hunting & recreation
DESCRIPTION	This non-rechargeable multi-function headlamp features a multi-position tilt head design and includes an elastic head strap with a non-slip lining. Utilizing Bayco's exclusive Dual-Light design, this headlamp combines a tight-beam long-throw spotlight, with a wide-beam close area floodlight. Rated at 210 & 110 lumens respectively, the high and low-brightness spotlight beams on this headlamp are designed for distance illumination. This headlamp also has three wide-beam floodlight settings...white, red and green. The floodlight spreads out in a wide even pattern of light expressly for the purpose of providing illumination of areas that are close by. The top mounted dual switches provide high/low-brightness spotlight and white/red/green floodlight selections.
