

**Empowering
the Best APR
to PAPR**

NORTH

**North introduces the NEW
COMPACT AIR™
Powered Air-Purifying Respirators**

CA101
Loose Fitting
Blower/Battery

NORTH

Bringing you more

More **Versatility**

Convert your North half mask or full facepiece to a **PAPR**. Or choose from one of the several options offered with the **Primair™ Series head covers**.

- Available with **HEPA** filters, chemical cartridges and filter/cartridge combinations.
- The unique 'Y' breathing tube will convert any North air-purifying facepiece to a **PAPR**, without the need for an adapter or tools.
- Choose from several styles of head covers.

More **Comfort**

Keeping your workers comfortable during those long, hot jobs has never been easier.

- Air is directed over the front of the facepiece or hood – keeping workers **cooler** and **more comfortable**.
- **Comfort back pad** for even weight distribution.
- **Lightweight blower/battery assembly** can be worn on the back or the side.

More **Power**

Give your workers the power they need to get the job done.

- Nickel metal hydride battery delivers a **steady power supply** from start to finish.
- **8+ hours** of continuous use.
- **Smart charger** recharges batteries quickly and without concern of over charging.

North Compact Air™ PAPR Assembly

CA102 Model shown

Lightweight Breathing Tube

- Located out of the way, behind the worker

Optional Tyvek® Cover

- Quick and easy clean up

Quick Connect

- No tools or additional parts required

From **APR** to

NORTH Facepieces

5500 Series

Compact Air for North Facepieces

Features

- Use the same mask for APR, PAPR and supplied air
- Breathing tube goes over the shoulder

Benefits

- Greater flexibility for different work environments
- No additional fit testing
- Reduces inventory
- Located on the worker's back, away from the work zone
- Even distribution of weight

7700 Series

NORTH Primair™ Series Loose Fitting Head Covers

North Primair Series head covers are available in a variety of styles to meet your work site needs, from a lightweight facepiece to a heavy duty faceshield

Primair

Primair Loose Fitting Facepiece

For pharmaceutical and other light duty industries

Features

- Available in 3 sizes
- Lightweight Tyvek® QC

Benefits

- Better fit for a variety of facial sizes
- Durable for extended use in particulate environments

Primair Plus Hood

For painting applications, and other environments where full head and shoulder coverage is desired

Features

- Adjustable bib length
- Available in Tyvek® QC & Saranex® coated Tyvek
- Optional Peel-away windows

Benefits

- Workers select the length that is right for them
- Tyvek for most particulate applications; Saranex coated for additional chemical protection
- Protects the lens from splatter

Primair HD Faceshield

For heavy duty applications that require high impact protection

Features

- Faceshield meets ANSI Eyewear standard for high impact
- Polycarbonate lens with anti-fog and anti-scratch coatings
- Reusable Comfa-Seal
- Clear brow and chin guards
- Optional Peel-away windows

Benefits

- Greater eye and face protection
- Reduces fogging. Scratch resistance prolongs life of lens
- Comfa-Seal can be laundered or replaced as needed
- Extra protection without sacrificing workers' viewing area
- Protects the lens from splatter

Primair Plus

Primair HD

PAPR in seconds

Convert North air-purifying half masks and full facepieces to powered air-purifying respirators quickly and easily with Compact Air's unique 'Y' breathing tube
