Applied to Life.™**

**3M™ Cleaning & Workplace Safety Supplies**

# **Full Line Catalogue ANZ**

A man in a light-colored suit and glasses is seen from the side, looking out a large window at a city skyline. The background is bright and slightly blurred, showing a grid of windows on a building across the street. The overall tone is professional and modern.

## **Discover a world of affordable, smart cleaning equipment and supplies, backed by practical advice and technical know-how, to enhance your building and transform your business.**

3M provides facility managers and contract cleaners with innovative, sustainable high-value solutions to help protect a building's life and enhance the performance and productivity of employees.

3M facilities care and cleaning solutions enhance protection, performance and productivity for the life of a building. Whether you need cleaning supplies and janitorial supplies, facility maintenance materials, or specialty items from floor mats to safety tapes and treads, 3M products deliver. We also provide industry-leading Scotch-Brite™ products for food services cleaning needs, from griddle cleaning to appliance cleaning, as well as food quality and food safety products.

## Facility & Operations Managers

To help meet the important challenges faced by facilities managers, 3M develops innovative cleaning, and floor protection products that deliver measurable commercial benefits and sustainability advantages.

3M is committed to developing cleaning equipment and supplies that help lower your total maintenance costs. For example, floor care is not measured merely by the expense of cleaning and polishing floor pads, it also includes the cost and difficulty of effort, a measure of floor performance over time and the durability of products used.

Our wide range of cleaning equipment and supplies are designed to:

- ▶ Safely clean and protect your building, especially in visible high traffic areas
- ▶ Deliver quality results
- ▶ Provide superior cleaning performance
- ▶ Be truly cost effective, by lowering your total costs

## Building Service Contractors

The key to running a successful cleaning business is the ability to provide outstanding services in a highly competitive environment. It requires hardworking, reliable and well-trained cleaners, backed by experienced cleaning supervisors—and the support of partners who understand what it takes to maintain a first class reputation.

3M has supported successful contract cleaning firms with innovative janitorial cleaning supplies and maintenance products and entrance and safety matting. 3M continuously innovates to create green cleaning products—making life easier for contract cleaners and helping you manage costs.

## Health Care Environmental Services Professionals

For more than 50 years, 3M has offered our health care and education industry partners innovative facility cleaning and facility maintenance and safety solutions to help protect patients, students and staff while reducing overall costs and providing the highest return on investment. From floor safety products to disinfectant cleaners, 3M can help reduce illnesses in schools and healthcare-associated Infections (HAIs) in health care environments

3M's goal is to provide healthy and clean environments. This is achieved by providing quality facility cleaning, maintenance and safety products, a thorough training curriculum, personnel documentation for regulatory compliance, and quality assurance programs. Specific products and programs have been designed to help educational facility and maintenance managers decrease labour costs and effectively train employees. 3M helps validate the efficacy and performance of your cleaning.

## Food Service Professionals

The Scotch-Brite™ brand has been recognised as a leading restaurant cleaning supplies brand in the food service industry. The quality, durability and efficiency of Scotch-Brite™ cleaning products is why they have become a top choice for food services professionals around the world. Through innovation and technology, 3M continues to develop efficient and cost-effective products for your commercial kitchen cleaning needs.

## Solutions for Architects

Being an Architect you just can't afford to specify materials in your designs that might let you down. It's really not worth compromising on product performance and reliability when you could be putting your reputation at risk. 3M understands this and the demands your clients place on you – the need for performance, durability and long-term cost effectiveness. For this reason most architects worldwide feel confident in specifying 3M products and solutions, and work with us to help develop new and innovative solutions for the next generation of sustainable and more efficient buildings.

# Hand Pads & Scourers

Scotch-Brite™ Commercial Hand Pads/Scourers have a uniform mineral/abrasive coating on fibres throughout the pad. As the pads are used, new mineral is continually exposed throughout the life of the pad ensuring optimum cleaning performance and long life.

The quality, durability and efficiency of Scotch-Brite™ cleaning products is why they have become a top choice for food services professionals around the world. 3M offers the right tool for each cleaning job - from light duty to extra heavy.

3M hand pads are HACCP approved\*

\*please contact 3M for HACCP endorsement certification details for specific products you are reviewing/purchasing

# Hand Pads & Scourers

---

## Scotch-Brite™ White Cleaning Pad - 449 / 98 - Light Duty

- ▶ Soft fibres and a mild abrasive enable this pad to clean most surfaces gently but thoroughly without scratching. Ideal for 'non-stick' and delicate surfaces including glass, plastic, fine china, rubber, porcelain, stainless steel and painted fixtures.

---

## Scotch-Brite™ 230/ Niagara™ General Purpose - Economy Handpad

- ▶ Economy pad suited to everyday cleaning of most cooking utensils and equipment.

---

## Scotch-Brite™ General Purpose Scouring Pad 96 - Medium Duty

- ▶ Use for everyday cleaning of most cooking utensils and equipment. High performance pads for every day use in Commercial and Industrial applications. Ideal for cleaning pots, cooking utensils, bench tops and metal surfaces. Multiple Sizes available.

---

## Scotch-Brite™ Green Scouring Pad 86 / 75 - Heavy Duty

- ▶ The heavy duty cleaning power of this scourer makes for light work when cleaning grease, grime and baked-on foods. Open weave construction for easy cleaning. Open construction pad with tough fibers and abrasives make fast work of heavy duty cleaning jobs. Use in the kitchen to replace scrapers, steel wool and metal sponges. Typical applications include heavily baked-on food and food processing equipment. Mineral: the product contains abrasive particles that are effective in scrubbing operation.

---

### **Scotch-Brite™ Blue Pot ‘n Pan Scourer - Extra Heavy Duty 88**

- ▶ The hardest working pad available; even the most stubborn deposits are scoured clean, especially useful for heavily encrusted pots and pans, kitchen and maintenance equipment. Ideal replacement for stainless steel wool and metal scourers. Open weave construction for easy cleaning.

# Hand Pads & Scourers

## Scotch-Brite™ Power Pad 2000 - Heavy Duty

Scours 2-4 times faster than conventional commercial scouring pads, and is 6-10 times less abrasive than other medium/heavy-duty commercial scouring products to reduce scratching.\*

- ▶ Fiber: durable synthetic fibers that are crimped and heat set to create a strong web
- ▶ Scouring Particles: unique soil-removing particles for effective scouring, cleaning, and scrubbing. Particles are evenly distributed throughout the pad to ensure effective, consistent scouring, and lasting performance throughout the life of the pad
- ▶ Resin: high quality bonding resin system designed to provide resistance to degradation from exposure to hot water, detergents and normal cleaning liquids

\*Internal test conducted in the 3M USA laboratory

# Hand Pads & Scourers

## Scotch-Brite™ Purple Pad 2020 - Heavy Duty

Cleans your dirtiest pots and pans twice as fast as conventional heavy duty scouring with less scratching.\* Food debris rinses out of the pad easily. Unique web construction stands up to your toughest jobs. Scratches less than other heavy duty pads.

- ▶ Designed to provide heavy-duty scouring and scrubbing capability with significantly lower scratching potential
- ▶ Contains durable synthetic fibers that are manufactured to develop a strong, open pad surface
- ▶ Mineral particles are distributed evenly on the surface and through the pad to provide consistent scouring over the life of the pad
- ▶ Constructed with resin that resists degradation from exposure to hot water, detergents and most cleaning liquids
- ▶ A good replacement for most applications where steel wool and stainless steel scrubbers are currently used

\*Internal test conducted in the 3M USA laboratory

# Hand Pads & Scourers

---

## Scotch-Brite™ White Cleaning Pad 620 Less Scratching - Light Duty

- ▶ A No. 449 Light Duty Scourer Pad on one side and sponge on the other. Ideal for light duty cleaning jobs as it will not scratch most surfaces. Ideal for stainless steel, glass, ceramic, fine china, porcelain, countertops and non-stick surfaces.

---

## Scotch-Brite™ Sponge Scourer Medium Duty – Economy 230S

- ▶ For general cleaning where sponge/scourer dual action is warranted.

---

## Scotch-Brite™ Aqua Sponge Scourer – Medium Duty 630/74

- ▶ For general scouring use, this scourer is especially effective for cleaning vats, tanks and cheese making equipment.

# Hand Pads & Scourers

## Scotch-Brite™ Easy Erasing Pad 4004

Soft, flexible pad cleans many surfaces and is safe for indirect food contact areas. Innovative white polymeric foam erases hard-to-clean stains, marks and scuffs. Unique blue urethane layer provides durability and keeps hands away from messes. Easy-to-use! Simply wet pad and squeeze out excess water. Use white side of pad to erase marks. Use blue side to wipe away residue.

- ▶ Trademarked bow-tie shape
- ▶ Soft, flexible pad cleans many surfaces without using additional chemicals - just use water
- ▶ Blue urethane foam sponge holds water to keep pad moist, can be used to wipe after use, and keeps the pad intact over its useful life
- ▶ Pad will not scratch glass, ceramic tile, fiberglass, porcelain, Formica®, metal, Corian®, marble, stainless steel, plastic, vinyl, and most wall coatings
- ▶ Optimal performance of product is achieved when used with water alone. Detergents and sanitizing cleaners are not recommended for use with this product

\*Only available in NZ

## Scotch-Brite™ Power Sponge 3000

Two cleaning tools in one – a Scotch-Brite™ Power Pad combined with a sponge. 6-10 times less abrasive than other medium/heavy-duty commercial scouring products to reduce scratching.\* Antimicrobial protection is locked-in to resist odors in the sponge

- ▶ Unique bow-tie shape for ease of handling
- ▶ The scouring side of the product scours 2-4 times faster, and is 6-10 times less abrasive than other conventional commercial scouring pads
- ▶ Fiber: Durable synthetic fibers that are crimped and heat set to create strong web
- ▶ Scouring Particles: Unique soil-removing particles for effective scouring, cleaning, and scrubbing. Particles are evenly distributed throughout the scouring pad to ensure effective, consistent scouring, and lasting performance throughout the life of the pad
- ▶ Resin: High quality bonding resin system designed to provide resistance to degradation from exposure to hot water, detergents and normal cleaning liquids
- ▶ Sponge side: Features antimicrobial technology that resists the growth of odor-causing bacteria within the sponge

\*Internal test conducted in the 3M USA laboratory

# Hand Pads & Scourers

---

## Scotch-Brite™ Metal Scourer 83 and 84

- ▶ High quality stainless steel for tough cleaning jobs. Won't rust or splinter. Removes baked on food from pots, pans, grills and ovens.

---

## Scotch-Brite™ High Performance Cloth

- ▶ The High Performance cloth is an effective way to clean and polish almost any surface without the use of chemicals. The cloth itself is chemical free and picks up dirt, oil and grease without streaking or smearing. The cloth can be reused by throwing it in the washing machine. The cloth can be used on virtually any surface. Try it on plastic, glass, mirrors, brass, stainless steel, chrome, metal, marble, painted metals, ceramic, fibreglass, electronic equipment, computer monitors. Great for removing lipstick from cups and glasses.

# Food Service Accessories

---

## 3M™ Twist-Lok™ Pad Holder 961

- ▶ A holder specially designed for use with every Scotch-Brite™ hand pad which makes cleanup jobs faster, easier and safer

---

## 3M™ Shortening Monitor

- ▶ A paper test strip with four coloured bands that change colour from blue to yellow as the levels of free fatty acids increase in your shortening

---

## Food Service Label Tape Printed FSPT1

- ▶ Preprinted labels ideal for food labelling and rotation. Sticks to a variety of surfaces, easy to write on. Heat and cold stable (-23°C to 71°C).

---

## Food Service Label Tape: Unprinted LT-1

- ▶ Multiple use, easy to write on tape for food service applications.

# Griddle & Appliance Cleaning

3M offers a wide portfolio of safe and effective cleaning solutions for griddles, fryers and beyond. These solutions range from the traditional griddle brick cleaning system to our advanced Quick Clean Griddle cleaning system. 3M offers a range of scouring pads to suite your cleaning needs.

# Griddle & Appliance Cleaning

**Scotch-Brite™ Fryer and Kitchen Cleaning Tool will be your versatile, go-to solution to clean a wide range of commercial kitchen surfaces.**

Grey heavy duty pad: heat resistant up to 176°C. Ideal for cleaning open vat style fryers and to remove soil build up on flat surfaces. Green medium duty pad: with polishing abrasive, heat resistant up to 176°C. Thin web suited to cleaning hard to reach areas. Use to remove grease and food soil between coils and on flat surfaces. Blue low scratch cleaning pad: low scratch pad that is heat resistant up to 176°C. Use to remove grease and food soil between coils and on flat surfaces.

- ▶ Designed to reach and clean tight spaces, gaps and hard to reach areas of fryers.
- ▶ Adjustable to three different positions to provide leverage for cleaning various surfaces and hard to reach areas in fryers.
- ▶ Ideal for cleaning most fryers and other flat surfaces.
- ▶ Heat resistant, durable and long lasting.
- ▶ Extended position for longer reach - keeps your hands away from potential hot spots whilst delivering the leverage you need
- ▶ High quality bonding resin system designed to provide resistance to degradation from exposure to hot water, detergents, and normal cleaning liquids.

**Scotch-Brite™ Cool Griddle Cleaning Kit 461**

A great solution for quick and effective cleaning of cooled down, flat griddles - kit includes a pad holder, griddle screen and a polishing pad.

- ▶ Griddle cleaning kit for quick and effective cleaning of cooled down, flat griddles
- ▶ Effectively removes carbonised grease and food debris, and polishes the surface to make food stick less in the future.

# Griddle & Appliance Cleaning

---

## Scotch-Brite™ Scotchbrick™ Griddle Scrubber 9537

This easy-to-use, one-piece griddle scrubber is for flat griddles at any operating temperature. The built-in, heat-resistant handle helps protect hands from burns, grease and grime.

- ▶ Abrasive mineral particles evenly distributed throughout the pad to ensure effective, consistent, and long lasting performance throughout the life of the pad
- ▶ A combination of pad and handle to function as a tool to help keep hands away from hot and dirty surfaces
- ▶ Aggressive, heavy duty and open pad construction to provide fast cleaning and multiple uses, resist clogging, and rinse clean easily

---

## Scotch-Brite™ Griddle Screen 200

Designed for heavy duty cleaning and removal of carbonized grease and food buildup on flat top griddles.

- ▶ High quality synthetic fabric backing to provide long lasting usage
- ▶ Abrasive minerals selected to provide remarkable scouring for the griddle cleaning
- ▶ Aggressive, heavy duty and open screen construction to provide fast cleaning and multiple uses, resist clogging and rinse clean easily
- ▶ Heat resistant screen to allow for cleaning griddle at operating temperature throughout the day

---

## Grill-Brick™ Grill Cleaner GB12, 3.5 in x 4 in x 8 in, 12/case

- ▶ Specially compounded to disintegrate during use to expose a new unused surface.

# Griddle & Appliance Cleaning

## Scotch-Brite™ Quick Clean Griddle Cleaning System Starter Kit 710, 1/case

A complete system for cleaning commercial griddles. This system is faster, safer and easier than traditional griddle cleaning products.

- ▶ Formulated with ingredients that are considered “Generally Recognized as Safe” (GRAS) in food by the U.S. FDA
- ▶ Green Seal™ Certified (avoids ingredients that are toxic or harmful to humans and the environment and efficiently uses packaging material)
- ▶ No caustic soda
- ▶ No strong chemical odour
- ▶ No water rinse required after use
- ▶ 3 simple steps to clean the griddle in just 3 to 5 minutes
- ▶ Helps increase operational efficiency by reducing the time it takes to clean the griddle
- ▶ Control product usage with pre-measured portions
- ▶ Durable construction of the Scotch-Brite™ Quick Clean Heavy Duty Griddle Pad 746 allows multiple uses
- ▶ HACCP certified product
- ▶ Does not leave behind residue

## Scotch-Brite™ Quick Clean Griddle Liquid 701

A powerful griddle cleaning liquid that is Green Seal™ Certified and safe for use on food contact surfaces. Loosens and lifts carbonized grease and food soil upon contact on a hot griddle for easy removal. No strong chemical odors. Formulation does not contain caustic soda found in other griddle cleaning chemicals.

- ▶ Effectively removes baked-on food and cooking oil from griddles
- ▶ Green Seal™ Certified (avoids ingredients that are toxic or harmful to humans and the environment and efficiently uses packaging material)
- ▶ One-step cleaning
- ▶ Designed for use on medium-hot griddles (150-180°C.) - saves cool-down time

# 3M Drive-Through Headset and Intercom Systems

Quick-service restaurants can depend on the proven reliability, digital clarity and stellar support of 3M™ Wireless Communication Systems.

Drive-Through is the heart of your business and improving communication is key to growing your business. Handling orders with speed and accuracy is crucial to ensuring customer satisfaction and repeat business. The quick-service restaurant (QSR) business is far too demanding to settle for anything less.

# 3M Drive-Through Headset and Intercom Systems

The 3M™ Drive Through Headset, G5 is our fifth generation, wireless headset. The first headset on the market featuring in store reparability and Smart technology. Combined with its lightweight and comfortable design, industry known sound clarity, and the 3M™ Basestation Package makes the 3M™ Drive Through system, Clearly the Sound Decision.

- ▶ Sound clarity with mic array technology
- ▶ Capacitive touch buttons
- ▶ Indicator lights on mic boom
- ▶ Globally accepted icons
- ▶ Identification Tags
- ▶ Haptics Technology
- ▶ Accelerometer Sleep/Hibernate
- ▶ In-store serviceability
- ▶ Integrated headset storage and battery charging

\*3M Headset only available via Recips Australia

# Surface Cleaning Chemicals

Cleaning power where and when you need it. For years, 3M has been an industry leader in providing automated chemical dispensing and mixing systems, along with top-performing cleaning chemicals. This has meant easy mixing, less waste, simple chemical storage, remarkable cleaning results and potential long-term savings

# Surface Cleaning Chemicals

---

## 3M™ Glass Cleaner

Cleans quickly without smearing or streaking. Suitable for glazed ceramics, windows, laminates and baked enamel finishes.

- ▶ Ideal to use with the 3M High Performance Cloths.
- ▶ Streak free, fast drying, no rinsing required.
- ▶ Effective on glass, mirrors, stainless steel, enamel, ceramic tile and plastic
- ▶ Ideal for whiteboard cleaning
- ▶ HACCP certified product

---

## 3M™ Stainless Steel Cleaner and Polish

Ideal for stainless steel, chrome, laminated plastics and aluminum surfaces. With a high-gloss formula, it wipes clean with no streaks or buildup, resists fingerprints and masks surface blemishes. Pleasant lime fragrance.

- ▶ Cleans and polishes in one step
- ▶ Pleasant citrus fragrance
- ▶ Leaves a light protective film
- ▶ Masks blemishes
- ▶ Slows resoiling
- ▶ Reduces fingerprinting
- ▶ Resists streaking
- ▶ Empty containers may be disposed of in sanitary landfills in accordance with local regulations
- ▶ Leaves no greasy build-up on surfaces
- ▶ HACCP certified product

# Surface Cleaning Chemicals

---

## Scotchgard™ Glass Cleaner and Protector

3M™ Glass Cleaner and Protector with Scotchgard™ Protection leaves an invisible layer of protection on glass for easier cleaning after routine use. It reduces fogging on windows and mirrors with repeated use, leaving an attractive shine. Cleans (but may not protect) other surfaces.

- ▶ Automatic dispensing eliminates measuring and mixing and helps ensure accurate dilutions
- ▶ Green Seal™ GS-37 Certification
- ▶ Streak-free formula
- ▶ HACCP certified product

---

## 3M™ Sharpshooter™ Extra Strength No-Rinse Mark Remover

No-rinse formula cleaner for quick, easy removal of soil and grease. This powerful cleaner penetrates and loosens buildup quickly. Convenient and effective.

- ▶ Removes stubborn marks, spots and stains on almost any washable surface
- ▶ No rinsing required
- ▶ Ready-to-use formulation

# Surface Cleaning Chemicals

## 3M™ Twist 'n Fill™ Cleaning Chemical Management System

For years, 3M™ Twist 'n Fill™ Technology has been an industry leader in providing automated chemical dispensing and mixing systems, along with top-performing cleaning chemicals. This has meant easy mixing, less waste, simple chemical storage, remarkable cleaning results and potential long-term savings. Choose from two versatile, accurate dispensing systems to fit your needs.

Features a single dispenser that is designed to accurately dilute and dispense a wide range of cleaning solutions. You pick and choose only the chemicals you need for your cleaning task - and dispense them all through the same dispenser. Mounts on wall or, for portability, on carts or cleaning equipment. Mixing is easy and less wasteful. Your cleaning chemicals are consistent each time you mix.

- ▶ Dispense all chemicals with one dispenser
- ▶ Unique bottle and cap design lets you interchange chemicals in seconds
- ▶ Very compact — fits in most closets
- ▶ Easy to use — just insert bottle, twist and fill
- ▶ Integral air gap prevents chemical backflow
- ▶ 3M™ Bleach Dispenser will easily and accurately dispense a 1:10 bleach solution from concentrate

# Floor Cleaning & Dusting Tools

3M has a range of dusters, mops, sweeper and doodlebugs to make your facilities floor shine. 3M's specially designed 3M™ Easy Clean System is a more efficient way to dust, scrub and shine. The system helps to reduce labour costs, increase performance and cut chemical waste.

# Floor Cleaning & Dusting Tools

## Doodlebug™ Pads

3M™ Doodlebug™ Cleaning System - Used as part of a general cleaning program to clean baseboards, under equipment and hard to reach areas. There are two types of holders and a variety of pads to ensure fast and efficient cleaning

---

### 3M™ Doodlebug™ Holder & Pole 6472

► This pad holder comes with a swivel joint which is ideal for reaching awkward areas. The supplied extension handle helps to clean floors, walls and various other hard to reach places.

---

### 3M™ Doodlebug™ Holder & Adaptor 6475

► This pad holder also comes with a swivel joint, but instead of the extension handle, we have included an adaptor that will enable you to fit a pole of your choice (25mm diameter).

---

### 3M™ Doodlebug™ Cleaning System

► Used as part of general cleaning program to clean under equipment, and hard to reach areas.

# Floor Cleaning & Dusting Tools

---

## 3M™ Doodlebug™ White Cleansing 8440 Pad Light Duty

- ▶ For cleaning delicate surfaces. Fits 3M™ Doodlebug™ Pad Holder 6472 or 3M™ Doodlebug™ Handblock Pad Holder 6473.

---

## 3M™ Doodlebug™ Blue 8242 Pad Medium Duty

- ▶ For medium-duty cleaning and scrubbing. Fits 3M™ Doodlebug™ Pad Holder 6472 or 3M™ Doodlebug™ Handblock Pad Holder 6473.

---

## 3M™ Doodlebug™ Red 8243 Pad Medium Duty

- ▶ For cleaning of floor edges, skirtings, stairways, floors, swimming pools and rest rooms. Fits 3M™ Doodlebug™ Pad Holder 6472 or 3M™ Doodlebug™ Handblock Pad Holder 6473.

---

## 3M™ Doodlebug™ Brown Scrub 'n Strip 8541 Pad Heavy Duty

- ▶ Designed for tough jobs like removing finish and wax buildup from baseboards and floor edges. A great way to strip stairs. Fits 3M™ Doodlebug™ Pad Holder 6472 or 3M™ Doodlebug™ Handblock Pad Holder 6473.

---

## 3M™ Doodlebug™ Black 8245 Pad Extra Heavy Duty

- ▶ An ideal replacement to wire brushes, where you need aggressive stripping power. Fits 3M™ Doodlebug™ Pad Holder 6472 or 3M™ Doodlebug™ Handblock Pad Holder 6473.

# Floor Cleaning & Dusting Tools

---

## 3M™ Doodlebug General Purpose 4020 Brush

- ▶ Nonabrasive, long-lasting polypropylene bristles effectively clean surfaces such as tile and grout in bathroom, shower and kitchen areas, and concrete, brick and raised circular pattern rubber floors. Fits 3M™ Doodlebug™ Pad Holder 6472 or 3M™ Doodlebug™ Handblock Pad Holder 6473.

---

## Scotch-Brite™ Doodlebug™ Easy Erasing Pad 4610

- ▶ Ideal for removing stains, marks, ink and more. Just use water; no chemicals or sprays needed. Fits 3M™ Doodlebug™ Handblock Pad Holder 6473 or 3M™ Doodlebug™ Pad Holder 6472.

# Floor Cleaning & Dusting Tools

## 3M Easy Clean System

- ▶ **1. 3M™ Easy Trap Duster System...**  
Holds up to 8X more debris than conventional flat fringed cotton dust mops or a competitive sweeping dust cloth brand.\*
- ▶ **2. 3M™ Easy Scrub Express System...**  
Operator-controlled dispensing mechanism helps cut chemical waste by as much as 80% vs. mop and bucket method.\*

- ▶ **3. 3M™ Easy Scrub Flat Mop System...**  
Helps reduce disinfectant consumption and amount entering waste stream. Cuts chemical waste by as much as 80% vs. mop and bucket method.\*
- ▶ **4. 3M™ Easy Shine System...**  
Helps reduce finish usage by up to 35% vs. traditional mop and bucket method. Helps reduce employee and patient exposure to odours and floor finish disposed into waste stream.\*

\*Internal test conducted in the 3M USA laboratory

## 3M™ Easy Trap Duster

3M™ Easy Trap Duster - sweep & dust sheets reduce the risk of bad impressions by trapping up to 8X more dirt, dust and sand than when using traditional dust mops or a competitive sweeping dust cloth brand. Convenient disposable sheets mean no laundering. The Easy Trap Duster glides through and traps debris, especially hair. Use under any flat floor tool or high duster. Take as little or as much as needed - comes in rolls perforated every 6". Use both sides. Expect minimum training and maximum results in veterinarian clinics, hair salons, hospitals, gyms, schools - nearly anywhere

- ▶ Traps up to 8X more dirt, dust and sand than conventional flat fringed cotton dust mops or a competitive sweeping dust cloth brand.
- ▶ Has the power to trap more hair than traditional dust mops and a competitive sweeping dust cloth brand.
- ▶ No special tool required. Use on existing floor tool or high duster.
- ▶ Glides through and traps hair even on wet surfaces.
- ▶ Convenient disposable sheets, no laundering required.
- ▶ Ideal for picking up glitter and other small particles.
- ▶ After one side is used, flip it over and use the other side.
- ▶ Sheets are made with a minimum of 60% recycled content.
- ▶ Packaging is made from a minimum 65% total recycled content. A minimum 35% of the total recycled content comes from post-consumer waste.
- ▶ Sweep & dust sheets trap dirt, hair, sand and dust

# Floor Cleaning & Dusting Tools

## 3M™ Easy Scrub Express Flat Mop Tool With Pad Holder

Changing chemicals and cleaning products is a snap with the 3M™ Easy Scrub Express Flat Mop System. Interchangeable bottles fit quickly into a lightweight handle to help reduce waste and ensure precise dispensing of solutions to the work site.

- ▶ Easy maneuverability helps reduce worker fatigue
- ▶ Innovative technologies reduce mop drag up to 10X compared to other traditional flat mop systems
- ▶ Operator-controlled dispensing mechanism helps cut chemical waste by as much as 80%
- ▶ Can be used in conjunction with all other 3M™ Easy Clean System products to help provide exceptional cleaning results
- ▶ Durable long lasting material
- ▶ Resistant to Bleach

Patient room cleaning can be a much more productive process with the 3M™ Easy Scrub Flat Mop System, helping you save time and money.

### Clean more with less effort.

- ▶ Mop drag is up to 10X less than other traditional flat mops
- ▶ Cleans and scrubs up to 3X faster than other flat mops
- ▶ Reduces cleaning time up to 50% compared to mop and bucket
- ▶ Reduces chemical waste by up to 80%
- ▶ Helps eliminate mops and buckets
- ▶ Other common applications include classroom cleaning, cafeteria tables, stairwells, wrestling mats, restrooms and spot mopping

3M™ Easy Scrub Flat Mop - Recommended Usage		
	Area	Mop Colour
Health Care	Patient Rooms	White
	Operating Emergency Rooms	Blue
	Restroom Floors	Red
	Kitchen Floors	Green
	General Public Areas	White
Facilities	Restroom Floor	Red
	Kitchen Floors	Green
	Dining Floors	White
	General Floors	White

# Floor Cleaning & Dusting Tools

---

## 3M™ Easy Shine Applicator System

With the 3M™ Easy Shine Applicator System you can use most conventional floor finishes and cleaning chemicals to get results you can be proud of every time.

- ▶ Reduce labour costs by as much as 70%
- ▶ Reduce finish usage by up to 35%
- ▶ Easy to apply finish in corners and along baseboards
- ▶ Low drag mop helps deliver smooth, even coats of finish
- ▶ Specially designed filling station allows use of most conventional floor finishes and cleaning chemicals
- ▶ Helps eliminate mops and buckets

---

## 3M™ Floor Sweeper 6000

Super-efficient dual eight-bladed rotoblades easily pick up both large and small debris. Works on virtually any floor surface. Lightweight and compact

- ▶ Small, lightweight and works on virtually every type of floor surface.

# Floor Finishes & Coatings

3M is well known for floor finishing and coating systems for a broad range of substrate applications including vinyl tile and sheet vinyl, porous concrete, stone and marble, terrazzo, granite and quarry tile floor finishes.

Our floor care products are designed for efficiency of effort and high performance over time, while minimising environmental impact.

No two areas of your building are exactly the same. Scotchgard™ Hard Floor Protection Systems give you the right floor finish to help protect your investment and stand up to each area's specific challenges while enhancing the appearance of your commercial, educational, medical, or aged care facility.

# Floor Finishes & Coatings

Experience the benefits of 3M innovation with the 3M™ Stone Floor Protection System—a complete floor care process that restores the natural beauty of your porous stone and produces a remarkable, long-lasting shine. The system has everything you look for in floor care. It's easy to use, features environmentally preferable components for greener cleaning, needs no stripping or deep scrubbing, and creates a high traction gloss that can help reduce slips and falls. 3M scientists have spent countless hours in test environments formulating and validating the performance properties of the 3M™ Stone Floor Protection System. And more than five decades of experience in floor protection and maintenance stand behind our products. That's 3M at work for you.

## Protection that Shines

- ▶ **RESTORE** with precise, fast-cutting 3M™ Trizact™ Diamond HX Discs.
- ▶ **PROTECT** from staining, scratching and black marks with Scotchgard™ Stone Floor Protector.
- ▶ **MAINTAIN** the brilliant shine with Scotch-Brite™ Purple Diamond Floor Pad Plus and 3M™ Neutral Cleaner Concentrate.

# Floor Finishes & Coatings

---

## Scotchgard™ Low Maintenance 18 Floor Finish, 9.5 L

- ▶ Low maintenance, economical, 18% solids floor finish. Quick-drying formula is responsive to spray buffing and burnishing. Use on most hard floors maintained with machines of any speed

## Scotchgard™ Low Maintenance 25 Floor Finish, 9.5 L

- ▶ Exceptionally tough and durable, 25% solids, low maintenance floor finish provides a “wet-look” gloss with less burnishing. Dries fast for outstanding image and film clarity. Use on resilient tile and terrazzo floors

## 3M™ Neutral Cleaner Concentrate, 9.5 L

No-rinse, low-foaming formula won't harm washable hard floors or leave soapy residue that can dull or soften floor finish.

- ▶ Use with mop or automatic scrubber
- ▶ Fresh scent.
- ▶ Dilution rate: 1:391.
- ▶ For use with Scotchgard™ Hard Floor Protection Products

## 3M™ Floor Stripper, 9.5 Litres

Easy-rinsing, non-ammoniated formula aggressively attacks even heavily-burnished finishes and buildup fast and with no offensive odor.

- ▶ Dilution rate: 1:4

# Floor Finishes & Coatings

---

## Scotchgard™ Stone Floor Protector, 3.8 L Bag

Every year, poorly maintained floors are responsible for more than two million customer and employee fall injuries. The result is billions of dollars in medical, insurance and litigation costs. In just two coats, Scotchgard™ Stone Floor Protector creates an NFSI-Certified “high traction” surface that can help prevent slips and falls. What’s more, you get a long-lasting, glossy, natural-looking floor that is less susceptible to scuffs, black marks, stains and scratches.

- ▶ No stripping or deep scrubbing required, eliminating operator exposure to and environmental release of potentially hazardous stripping chemicals
- ▶ Easy to spot repair damaged areas
- ▶ Unique hybrid technology that densifies, increases hardness and improves wear

---

## Scotchgard™ Resilient Floor Protector, 3.8 L Bag

High Performance floor coating for vinyl and vinyl composition substrates which offers a good and clean appearance over time, with benefits of labor savings, and elimination of stripping versus conventional acrylic finishes.

Water based formula penetrates and protects resilient flooring surfaces such as vinyl, vinyl composition, and solid vinyl tile.

---

## 3M™ TroubleShooter™ Baseboard Stripper, 600 gms Aerosol

Non-ammoniated formula strips floors without lengthy downtime. No rinsing or neutralizing needed

# Floor Pads

Every 3M Floor Pad is made to high quality standards. Ongoing innovation and advancements in technology make 3M Floor Pads more effective than ever. Each floor pad in 3M's full line is engineered specifically for a particular maintenance task.

# Floor Pads

For over 50 years, high performing 3M™ Floor Pads have been an industry leader. High performance aligns well with sustainability.

When compared to the nearest competitor, 3M floor pads:

- ▶ Remove deep scuff marks 7 times faster\*
- ▶ Provide nearly 40% more aggressive floor stripping\*
- ▶ Have 25% better cut on Schiefer test\*
- ▶ Have 50% better burnishing durability\*

\*Applies to specific 3M floor pads.  
Contact 3M for supporting test data.

Every 3M™ Floor Pad is made to high quality standards. And ongoing innovation and advancements in technology make 3M floor pads more effective than ever.

It's no wonder we are the #1 supplier worldwide.

- ▶ Each floor pad in 3M's full line is engineered specifically for a particular maintenance task.
- ▶ 3M floor pad uniformity and quality helps produce: less machine wobble and vibration, less operator fatigue, prolonged useful life of the pad and better results on your floors.
- ▶ Uniform coating throughout every 3M floor pad helps produce a long, useful life, resulting in less pad usage.

## All floor pads are not created equally.

The differences between floor pads may seem small. But when added up, they can make a big difference to your bottom line in terms of productivity and labor costs. Consider the following attributes of 3M floor pads that help set them apart from the competition:

- ▶ Uniform distribution of mineral abrasives throughout pad—not just on the surface—offers impressive performance and a long, useful life.
- ▶ Individually separated and coated fibers help produce more consistent, high-quality results.
- ▶ The combination of highly conformable fibers help to provide maximum pad-to-floor contact.

3M™ Floor Pads		Other Floor Pads	
			
OUTSIDE	INSIDE	OUTSIDE	INSIDE
<ul style="list-style-type: none"> <li>▶ Fibres uniformly coated with resin and mineral throughout entire pad, producing more consistent results</li> <li>▶ Combination of highly conformable fibres help to maximise the pad-to-floor contact</li> </ul>		<ul style="list-style-type: none"> <li>▶ Fibres randomly coated with resin and mineral, which can produce inconsistent results</li> <li>▶ Larger fibres are less conformable, providing fewer contact points with the floor</li> </ul>

# Choosing the Right Pad for the Right Job

## Stripping

### 3M™ High Productivity Pad 7300 Pad

Most aggressive stripping pad.  
Resists loading and clogging.  
For fast removal of finish.

### 3M™ Black Stripper Pad 7200

Standard of the industry.  
Consistent proven performance.  
Long pad life.

### 3M™ Brown Stripper Pad 7100

Conformable for uneven floors.  
Heavy duty scrubbing for 2-4 coat removal.  
Strips prior to refinishing.

## Scrubbing

### Scotch-Brite™ Surface Prep Pad

For heavy-duty scrubbing & for 2-4 coat removal prior to recoating.

### 3M™ Blue Cleaner Pad 5300

For heavy-duty scrubbing for 1-2 coats prior to recoating.

### 3M™ Extra Duty Floor Brush 73

For heavy-duty scrubbing or stripping of most floor surfaces.  
Unique wedge design provides multiple cleaning edges that get uneven, rough floors cleaner, faster.

## Cleaning and Buffing

### 3M™ Topline Autoscrubber Pad 5000

Scrubs and cleans without dulling the finish.  
Ideal for use on an Autoscrubber.

### 3M™ Red Buffer Pad 5100

For everyday cleaning and light scrubbing.  
Removes light soil scuff marks and black heel marks.

### 3M™ White Super Polish Pad 4100

For light cleaning to help remove soil and scuff marks with minimal dulling of finish.

# Choosing the Right Pad for the Right Job

## Burnishing

### 3M™ Eraser Burnish Pad 3600

For harder finishes and high traffic areas.

Removes black marks and returns gloss in fewer passes.

### 3M™ Natural Blend Tan Pad 3500

Use on harder finishes and high traffic conditions.

Removes marks and scuffs while polishing.

Blend of natural and synthetic fibres.

### 3M™ Tan Burnish Pad 3400

Produces good gloss improvement.

Exceptional durability and life.

Use on harder finishes and high traffic conditions.

## Best Gloss

### 3M™ Topline Speed Burnish Pad 3200

Optimises UHS burnishing on a wide variety of finishes.

Combines black mark removal and gloss generation in one pad.

### 3M™ Natural Blend White Pad 3300

Excellent results on a wide variety of finishes.

Provides consistent high gloss white minimising swirl marks.

Blend of natural and synthetic fibres.

## Soft Finish

### 3M™ Sky Blue Hi-Performance Burnish Pad 3050

Restores gloss to dull floors.

For frequent burnishing with less dust, point build-up and burning.

### 3M™ Aqua Burnish Pad 3100

Produces good gloss improvement.

Exceptional durability and life. The soft finish problem solver.

# Choosing the Right Pad for the Right Job

## Diamond Coated Floor Pads

### Scotch-Brite™ Sienna Diamond Floor Pad

**Sienna Diamond:** For worn and dull floors in poor initial condition. Cleans, conditions and polishes to a medium shine.

Made of high quality synthetic fibre, with abrasive particles, including high quality synthetic diamonds for cleaning and conditioning Marble, Terrazzo, Slate and Polished concrete flooring.

### Scotch-Brite™ Purple Diamond Floor Pad Plus

**Purple Diamond:** For floors with medium shine in good initial condition. Cleans and polishes floors to a brilliant gloss finish.

Made of high quality synthetic fibre, with abrasive particles, including high quality synthetic diamonds for cleaning and conditioning Marble, Terrazzo, Slate and Polished concrete flooring.

## Scotch-Brite™ High Shine Floor

### Scotch-Brite™ High Shine Floor Pads - Sienna

**Sienna High Shine:** For worn and dull floors in poor initial condition. Cleans, conditions and polishes to a medium shine.

Not only does it clean and polish marble, terrazzo, plastic and concrete floors to a brilliant gloss finish – it goes on working for **THREE TIMES LONGER** than existing single-sided high performance floor pads, resulting in significant total cost savings.

### Scotch-Brite™ High Shine Floor Pads - Purple

**Purple High Shine:** For floors with medium shine in good initial condition. Cleans and polishes floors to a brilliant gloss finish.

Not only does it clean and polish marble, terrazzo, plastic and concrete floors to a brilliant gloss finish – it goes on working for **THREE TIMES LONGER** than existing single-sided high performance floor pads, resulting in significant total cost savings.

## Why you should choose 3M™ Floor Pads

Uniform coating throughout every 3M floor pad helps produce a long, useful life, resulting in less pad usage.

3M™ Floor Pads

Remove deep scuff marks 7 times faster\*

Provide 40% more aggressive floor stripping\*

Offer 50% better burnishing durability\*

\*When compared to closest competitor. Test done in USA laboratory

# Floor Pads

## **3M™ Scotch-Brite™ High Shine Floor Pads**

3M™ Scotch-Brite™ High Shine Floor Pads are the latest in high performance floor pads from the world's No. 1 floor pad manufacturer developed in response to demand for a premium pad that boosts productivity and lowers costs, without compromising shine. Not only does it clean and polish marble, terrazzo, plastic and concrete floors to a brilliant gloss finish – it goes on working for **THREE TIMES LONGER** than existing single-sided high performance floor pads, resulting in significant total cost savings.

If your floor appears to be worn or dull, use 3M Scotch-Brite Sienna High Shine Floor Pad to help condition the floor and bring it to a medium gloss. Then, to further enhance the floor appearance and bring it to a shine, use the 3M Scotch-Brite Purple High Shine Floor Pad. The gloss finish on the floor can be maintained through regular cleaning and conditioning using the new purple floor pad, in conjunction with an auto-scrubbing machine or low speed rotary floor machine, and just with the simple addition of water.

### **Three times longer lasting:**

Not only are both sides of the 3M Scotch-Brite High Shine Floor Pads coated with mineral abrasives, but they are also unique in containing the abrasive within the pad itself.

### **Sienna High Shine**

For worn and dull floors in poor initial condition. Cleans, conditions and polishes to a medium shine.

### **Purple High Shine**

For floors with medium shine in good initial condition. Cleans and polishes floors to a brilliant gloss finish.

# Floor Pads

## Scotch-Brite™ SPP Surface Preparation Pad

Scotch-Brite™ Surface Prep Pads are engineered as environmentally preferable products:

- ▶ Reduces the need for chemical strippers
- ▶ Use pad with neutral cleaner or water
- ▶ Helps reduce labour hours and material costs related to stripping floors
- ▶ Effectively removes floor finish, leaving a clean surface ready for recoating

## No Chemical Strippers Needed

Scotch-Brite™ Surface Prep Pads require only neutral cleaner or water to effectively remove floor finish, preparing the floor for finish application. The product can be used on vinyl tile, marble, terrazzo, concrete and other floor types.

## Cleaning Process

- ▶ Use Scotch-Brite™ Surface Prep Pads and 3M™ Neutral Cleaner or water with auto-scrubbers, swing machines, or rectangular floor machines
- ▶ If 3M™ Neutral Cleaner is used in scrubbing procedure, rinse floor with water prior to applying floor finish
- ▶ A flexible backer floor pad can be used to hold pad
- ▶ Once floor is dry, dust with 3M™ Easy Trap Duster before applying floor finish

## Helps Improve Safety and Productivity

- ▶ No slippery residue from strippers
- ▶ No stripper cleanup on baseboards or nearby floors
- ▶ No chemical contamination on skin, clothes and shoes

## 3M™ Extra Duty Floor Brush 73

For heavy-duty scrubbing or stripping of most floor surfaces. Unique wedge design provides multiple cleaning edges that get uneven, rough floors cleaner, faster.

Deep cleaning brushes attach like floor pads

## Doodlebug™ 4020F Floor Brush Pad

Made from nonabrasive, long-lasting polypropylene bristles. These brushes effectively clean the Anti-slip Peelable Coating surface, without damaging the coating. They are also ideal for cleaning: Tile and grout in bathrooms, Shower and kitchen areas, Concrete, Brick and Raised circular pattern rubber floors.

# Floor Pads

## 3M™ Trizact™ Diamond HX Discs

Give marble, terrazzo, polished concrete and other porous stone floors new life with 3M™ Trizact™ Diamond HX Discs featuring proprietary 3M technologies and manufacturing techniques, these advanced abrasives leave exceptionally consistent scratch patterns, maximizing efficiency and reducing the number of steps in the restoration process.

- ▶ Uniform cutting surface stays sharp and effective through the life of the discs
- ▶ Wet process does not create dust
- ▶ Compatible with standard floor cleaning equipment (low speed rotary and automatic scrubber)
- ▶ Can also be used with the 3M™ Electric Variable Speed Polisher to easily access stairs, corners and other tight areas
- ▶ Fast material removal rates
- ▶ Use on your existing flat grinding and finishing equipment - both single and double-sided lapping machines
- ▶ Cleaner operation - reduces machine wear
- ▶ Designed to work with aqueous coolants to reduce clean-up and toxic waste disposal issues associated with abrasive slurries
- ▶ Minimizes sub-surface damage
- ▶ Designed for speed, consistency and control needed for flat finishing, grinding and lapping of technical ceramics, glass and exotic metals

## 3M™ Trizact™ Diamond HX Discs, Gold

Diamond disc system for more aggressive refurbishing of stone floors with apparent wear or damage from scratching or pitting.

## 3M™ Trizact™ Diamond HX Discs, Red

Diamond disc system for refurbishing and initial finishing of worn and damaged stone floors using low-speed rotary or automatic equipment.

## 3M™ Trizact™ Diamond HX Discs, Blue

For intermediate finishing and pre-polishing stone floors using low-speed rotary or automatic equipment.

# Floor Safety

3M offers a full range of functional, slip-resistant tapes and treads suitable for industrial or residential applications in dry, wet or oily conditions. 3M also manufactures temporary peelable slip resistance coatings for high risk areas.

# Floor Safety

## 3M™ Safety-Walk™ Anti-slip Peelable Coating 3500

3M™ Safety-Walk™ Anti-slip Peelable Coating 3500 is designed using a blended polymer dispersion with organic polymer particles. The patented combination of translucent beads and polymer dispersion provides added slip protection. This creates a floor coating that improves the wet slip resistance of interior commercial building floors. It dries to a virtually unnoticeable finish allowing floor aesthetics, features and colours to come through. The polymer dispersions are purposely blended to impart durability, chemical resistance, film clarity and easy peelability when the product needs to be removed.

- ▶ Meets Wet Slip Resistance (35+ BPN / P3) to AS 4586-2013 standards<sup>1</sup>
- ▶ Meets Dry Slip Resistance (0.6+ COF)<sup>1</sup>
- ▶ Peelable. When it needs to be replaced it simply peels off and the floor is instantly available to re-coat
- ▶ Easy to apply
- ▶ Water based with no harmful odour
- ▶ Conforms to grout lines
- ▶ Minimal change to floor gloss and clarity
- ▶ Easy to clean
- ▶ Patch repairable
- ▶ Does not require water in application or removal
- ▶ Advanced surface protection
- ▶ Cleans floor and grout lines on removal
- ▶ Developed in Australia
- ▶ Globally patented technology

### Application Areas

Ideal for commercial building floors in high risk, slippery areas including:

- ▶ Entrance ways
- ▶ Service corridors
- ▶ Bathroom wash basin areas
- ▶ Staff rooms / kitchen areas

# Floor Safety

---

## 3M™ Safety-Walk™ Anti-slip Edge Sealer 1000

▶ The Edge Sealer is designed to seal the exposed edges of 3M's Anti-slip Peelable Coating. Sealing the edges prevents liquids seeping underneath the coating and damaging its integrity.

---

## 3M™ Easy Applicator Tool

▶ The applicator tool is ideal to efficiently apply the Anti-slip Floor Coating, producing a professional, consistent, even streak and bubble-free coating. The Easy Applicator Pad is made of sturdy woven fabric that resists shedding. It can be washed and reused.

---

## Scotchgard™ Anti-Slip & Surface Protection Film

Scotchgard™ Anti-Slip & Surface Protection Film is designed to protect stone and vinyl flooring as well as bathroom surfaces from the everyday challenges they are subjected to. It can be applied to waxed vinyl, sealed concrete, marble, ceramic tile, terrazzo and more.

Typical uses:

- ▶ Building entrances
- ▶ Airports
- ▶ Underneath chairs and furniture
- ▶ Rolling beds
- ▶ Cafeteria lines and dining areas
- ▶ Retail aisles
- ▶ Bathroom surfaces and floors
- ▶ Classroom chairs and more

This protective film reduces the number of stripping and recoating events a surface requires – which saves you time, labor and money. No special tools or techniques are required to install and remove Scotchgard™ Anti-Slip & Surface Protection Film. The product can also be easily removed prior to floor stripping or refinishing.

Scotchgard™ Anti-Slip & Surface Protection Film is compatible with standard floor cleaning procedures, as well as floor disinfectants, cleaners and coatings. In addition, it has been certified to a P4 slip rating making this a high traction product.

# Floor Safety

## Protection that Shines

As a leading global manufacturer of slip-resistant products, 3M offers a full range of functional, slip-resistant materials designed for the safety of people in the workplace. These mineral and non-mineral coated products are suitable for industrial or residential applications in dry, wet or oily conditions. 3M™ Safety-Walk™ Slip-Resistant Tapes and Treads adhere to clean, dry surfaces without wrinkling, curling, tearing, shrinking or lifting and offer proven durability for long life. Pressure sensitive adhesive backing makes it easy to apply tapes and treads without the use of anchoring.

3M™ Safety-Walk™ Tapes and Treads meet or exceed the standards and recommended guidelines for slip resistance in accordance with AS/NZS requirements. Standard rolls and pre-cut treads are available in a variety of sizes, colors and textures ranging from fine resilient, medium resilient and general purpose to coarse and conformable material types. Custom sizes, pieces and die-cut shapes are available through an extensive national network of 3M authorized converters.

---

## 3M™ Safety-Walk™ Slip-Resistant Fine Resilient Tapes and Treads - 200 Series

A fine-textured, slip-resistant surface with a pressure-sensitive adhesive backing provides enhanced safety and comfort in light and barefoot traffic areas.

- ▶ For wet, barefoot-traffic areas
- ▶ Non-mineral, fine-textured, slip-resistant vinyl surface
- ▶ High performance, water-resistant, acrylate adhesive is ideal for wet conditions
- ▶ Applications: showers, tubs, surfboards, around hot tubs and pools
- ▶ Standard sizes:
  - 25mm x 18.2m
  - 50mm x 18.2m
  - 100mm x 18.2m
  - 150mm x 18.2m
  - 300mm x 18.2m
  - Custom shapes and sizes are also available

Colours : White & Clear

---

## 3M™ Safety-Walk™ Slip-Resistant Medium Resilient Tapes and Treads - 300 Series

A soft textured, non-mineral, medium resilient surface bonded to a pressure-sensitive adhesive backed plastic film.

- ▶ For barefoot or shoe-traffic areas
- ▶ Non-mineral, medium textured, slip-resistant polyolefin surface
- ▶ Textured resilient high friction surface and durable adhesive provide long-lasting performance
- ▶ Applications: locker rooms, around hot tubs and pools, boats, personal watercraft, water skis, exercise equipment, conveyers
- ▶ Standard sizes:
  - 25mm x 18.2m
  - 50mm x 18.2m
  - 100mm x 18.2m
  - 150mm x 18.2m
  - 300mm x 18.2m
  - 600mm x 18.2m
  - 914mm x 18.2m
  - Custom shapes and sizes are also available

Colours : Black, Grey

# Floor Safety

## 3M™ Safety-Walk™ Slip-Resistant Conformable Tapes and Treads - 500 Series

A high-friction, slip-resistant material that has a special pressure-sensitive adhesive backed aluminum film that conforms around corners and adheres to irregular surfaces.

- ▶ For irregular or contoured surfaces in light to heavy shoe-traffic areas
- ▶ Mineral-coated, high friction slip-resistant surface
- ▶ Aluminum backing conforms to corners, curves, and irregular surfaces
- ▶ Aggressive, high performance adhesive forms an excellent bond for a secure hold
- ▶ Applications: stairs, ladders, loading ramps, platforms, irregular surfaces like diamond plating or flat surfaces with rivets or screw heads
- ▶ Safety yellow color for high visibility and easy identification of hazard areas
- ▶ Standard sizes:
  - 25mm x 18.2m
  - 50mm x 18.2m
  - 100mm x 18.2m
  - 150mm x 18.2m
  - 300mm x 18.2m
  - 600mm x 18.2m
  - 914mm x 18.2m
- Custom shapes and sizes are also available

Colours : Black & Yellow

# Floor Safety

## 3M™ Safety-Walk™ Slip-Resistant General Purpose Tapes and Treads - 600 Series

A mineral-coated, slip-resistant material adhered by a durable resin to a pressure-sensitive adhesive backed plastic film.

- ▶ For light to heavy shoe-traffic areas
- ▶ Mineral-coated, high friction slip-resistant surface
- ▶ Highly durable surface withstands the rigors of equipment traffic
- ▶ Low-profile design helps reduce trip hazard
- ▶ High performance pressure-sensitive adhesive for easy application
- ▶ Applications: flat surfaces, steps, stairways, entrances, ramps, ladders, lawn equipment, snowmobiles, scooters, construction machinery and vehicles
- ▶ Standard sizes:
  - 25mm x 18.2m
  - 50mm x 18.2m
  - 100mm x 18.2m
  - 150mm x 18.2m
  - 300mm x 18.2m
  - 600mm x 18.2m
  - 914mm x 18.2m
  - Custom shapes and sizes are also available

Colours : Black & Yellow

# Floor Safety

## 3M™ Safety-Walk™ Coarse Tapes and Treads - 700 Series

Extra-large mineral particles and durable construction provide additional slip resistance in extreme conditions.

- ▶ For extreme, heavy traffic areas
- ▶ Extra-large abrasive mineral particles help provide a stable slip-resistant surface even in the presence of water or oil
- ▶ High performance adhesive creates excellent bond to most surfaces
- ▶ An open abrasive pattern resists clogging and reduces clean up time
- ▶ Applications: construction vehicles, ship and plane decks, trains, semi-trailers, oily wet areas, platforms and ramps, machine shops, agriculture and forestry equipment, recreational vehicles
- ▶ Standard sizes:
  - 100mm x 18.2m
  - 150mm x 18.2m
  - 600mm x 18.2m
  - 1.2m x 100m
  - Custom shapes and sizes are also available

Colours : Black, Grey

## OEM Custom Converting and Die Cutting

3M's national network of authorized converters can expertly match 3M technologies to customer requirements with the form, fit and functionality for application success. When a specific product design or architect drawing calls for a non-slip surface or an equipment part needs a slip-resistant component added, 3M™ Safety-Walk™ Materials can be easily die cut to meet your specific requirements. 3M™ Safety-Walk™ Slip-Resistant Products help provide traction on slippery surfaces and help meet AS/NZS standards. In addition, 3M™ Safety-Walk™ Coarse Tapes and Treads 700 Series meets, and is on the qualified products list associated with Military Specification MIL-PRF-24667C Type XI Comp PS covering non-skid systems.

# Floor Safety

---

## 3M™ Safety-Walk™ Primer 901

- ▶ Solvent based adhesive prepares rough or porous surfaces before application of slip resistant tapes & treads.

---

## 3M™ Safety-Walk Edge Sealing Compound

- ▶ 3M™ Safety-Walk Edge Sealing Compound is a liquid, solvent-based sealer that protects exposed edges of slip-resistant tapes and treads from excessive moisture or liquids. One 147 ml tube with convenient tube applicator seals approximately 22 to 30 linear metres.

# Matting

Over 30 years ago, 3M scientists developed a product which would help effectively protect building entrances from dirt. The first Nomad™ matting product with its revolutionary vinyl ‘coiled loops’ was developed to help remove moisture as well as dirt and debris. Incorporating carpet fiber technology, 3M expanded its entrance matting offering. Today, thanks to continuous innovation and proven expertise, 3M offers a complete line of entrance matting as well as Safety-Walk™ branded wet area and anti-fatigue work area matting.

## 3M™ Safety-Walk Grip Economy Matting

- ▶ Ergonomic design.
- ▶ No substances of concern.
- ▶ Offers safety and comfort.
- ▶ Made from tough and durable natural rubber.

**Colour:** Black

**Sizes:** 600mm x 900mm & 900mm x 1500mm

---

## 3M™ Safety-Walk Economy Dome Matting

- ▶ Anti-fatigue mat with a bubble surface that offers both safety and comfort.
- ▶ Made from tough and durable natural rubber with no substances of concern.

**Colour:** Black

**Sizes:** 600mm x 900mm & 900mm x 1200mm

---

## 3M™ Safety-Walk Economy Open Hole Matting

- ▶ Slender mat that provides comfort and reduces fatigue.
- ▶ Raised surface edges provides safe footing and slip resistance.
- ▶ Light-weight and easy to clean.
- ▶ Available in Black and Terracotta colours.

**Colour:** Black & Terracotta

**Size:** 910mm x 1520mm

---

## 3M™ Safety-Walk Economy Ute Liner Matting

- ▶ Economy ute liner matting.
- ▶ Great for protection and safety

**Colour:** Black

**Sizes:** 1830mm x 1230mm

# Matting

## 3M™ Safety-Walk™ Cushion Matting 5270

Textured, solid top surface, anti-fatigue cushion mat.

- ▶ Spring-coiled vinyl compresses uniformly and continually, helping provide greater comfort and less fatigue.
- ▶ Textured top surface provides a high coefficient of friction for slip resistance.
- ▶ Solid top allows debris to stay on top of the mat for easy cleaning.
- ▶ Special grease and oil-resistant coating keeps mat resilient over time, providing continuous comfort.
- ▶ Ideal for the workplace where people stand for extended periods of time.
- ▶ Designed for light to medium industrial use.

**Colour:** Black W/Yellow Edging

**Sizes:** 914mm x 1.5m

## 3M™ Safety-Walk™ Safety Cushion Mat 1200 Black/Red

Unbacked open hole construction mat for wet/greasy areas.

- ▶ Provides comfort and reduces fatigue.
- ▶ Raised surface edges provide safe footing and slip resistance.
- ▶ Safety bevel for smooth traffic and easy cart access.
- ▶ Open hole construction to allow debris and liquids to fall through.
- ▶ Grease resistant terracotta red for oil/greasy kitchen applications.
- ▶ Standard black mat recommended for non-greasy areas.
- ▶ Easy to clean, pick up and hose off.

**Colour:** Red & Black

**Sizes:** 910mm x 1.52m

# Matting

## 3M™ Safety-Walk™ Cushion Matting 5100

Unbacked, vinyl z web cushion mat.

- ▶ Rigid vinyl Z-web construction provides firm support and allows cart traffic.
- ▶ Extended ridge design provides increased traction in wet areas, helping reduce slips and falls.
- ▶ Open Z-web design allows liquids and small debris to fall through enhancing the security of footing.
- ▶ Ideal for the workplace where people stand for extended periods of time.
- ▶ Designed for light industrial and light to medium commercial applications.
- ▶ HACCP Endorsed Product

**Colour:** Red & Black

**Sizes:** 914mm x 1.5m & 914mm X 6m

Custom Sizes available

Black

Quarry Tile Red

## 3M™ Safety-Walk™ Heavy Traffic Wet Area Matting 3200

Unbacked, vinyl matting for wet areas.

- ▶ Z-web design provides uniform foot support.
- ▶ Durable – won't flatten over time.
- ▶ Open construction allows water to drain through, helping keep surfaces drier.
- ▶ Enhances slip resistance, helping reduce falls.
- ▶ Antimicrobial coating provides resistance to mildew, fungus and odours in the mat.

**Colour:** Wheat & Blue

**Sizes:** 914mm X 6m

Custom Sizes available

# Matting

## 3M™ Safety-Walk™ Wet Area Matting 1500

Unbacked, cushioned, vinyl loop mat for wet areas.

- ▶ Cushioned vinyl loops provide comfortable surface for barefoot traffic.
- ▶ Coiled vinyl loops reduce impact of dropped items that may otherwise shatter and be a danger to barefoot traffic.
- ▶ Open construction allows water to drain through, helping keep surfaces drier.
- ▶ Improves slip resistance, helping reduce falls.
- ▶ Antimicrobial coating provides resistance to mildew, fungus and odors in the mat.

**Colour:** Blue & Green

**Sizes:** 914mm x 6m

Blue

## 3M™ Nomad™ Medium Traffic Scraper Matting 6050

Backed, vinyl-loop matting for outdoor or indoor applications.

Designed for medium traffic conditions.

- ▶ Vinyl loops scrape, trap and hide dirt and moisture, minimising re-tracking into the building.
- ▶ Cushioned vinyl backing protects floors from removed soil and will not stain flooring.
- ▶ Durable vinyl construction performs in temperatures from -10°F to 150°F (-23°C to 65°C).
- ▶ Fade resistant.

**Colour:** Multiple

**Sizes:** 914mm x 1.5m

## 3M™ Nomad™ Heavy Traffic Carpet Matting 8850

Dual fibre mat suited to heavy foot traffic for placement inside entrances

- ▶ For placement inside entrances.
- ▶ Random pattern provides an attractive look and allows sand, salt and dirt to blend in until it can be removed.
- ▶ Solution-dyed fibres resist fading and staining and keep the mat looking good longer.
- ▶ Vinyl backing will not stain floor and prevents dirt and moisture from falling through the mat onto the floor underneath.
- ▶ Low profile allows foot, cart and wheelchair traffic to move easily over the mat.
- ▶ Suitable for even the heaviest traffic conditions.

## 3M™ Safety-Walk™ Welding Matting 5800

Modular mat resists welding flux, can be used in both greasy and dry environments.

- ▶ Specially designed to resist welding flux and grinding sparks of 1300°C to 1500°C for less than 3 seconds.
- ▶ Excellent durability and highly resistant surface for load bearing characteristics.
- ▶ Can be used in both greasy/dry environments.
- ▶ Reduces fatigue during prolonged standing.
- ▶ Available with designs for non-slip surfaces.
- ▶ Modular mat, with end and centre pieces available.  
These pieces interlock to form various mat lengths to suit requirements.

### Sizes:

**Centre:** 790mm x 710mm

**End:** 790mm x 710mm

## 3M™ Liner 5900

Heavy duty rubber liner with stippled backing  
900mm X 10M and 1830mm x 10M.

- ▶ Heavy duty rubber, hard wearing and easy to clean.
- ▶ Stippled backing to allow air to circulate and prevent water collection as a means of rust prevention.
- ▶ Stippled backing also prevents mat from moving.
- ▶ Oil and spill resistant, with anti slip qualities and UV stabilised.
- ▶ The liner is ideal for use in truck trays, small/large ute's and vans.

**Sizes:** 900mm x 10m & 1830mm X 10m

# Matting

## 3M™ Clean-Walk™ Mats

3M™ Clean-Walk™ are a multi-sheet adhesive system that captures dirt on contact from shoes, wheel and other passing objects. The top sheet easily peels away when soiled, instantly exposing a fresh, ready-to-use adhesive sheet.

- ▶ This mat system is suitable for every environment - from office, manufacturing, laboratory to warehouse
- ▶ Ideal for Clean Room environments as they contain antimicrobial properties that inhibit fungal growth in the mat
- ▶ Available in framed (60 sheets) or unframed (30 or 60 sheet options)

### Sizes:

457mm x 1168mm

630mm x 1140mm

640mm x 800mm Framed

# Spill Management

3M pioneered the development of synthetic sorbents while leveraging one of our core technologies. Our sorbents contain no abrasive granules that can damage expensive equipment. Instead, they are made from microfiber materials, which contain millions of tiny pockets that absorb and hold liquids. Choose from petroleum (oil-only), maintenance (for non-aggressive liquids), and chemical (for most aggressive and non-aggressive liquids) formats.

# Spill Management

## Now more options

3M™ Sorbents are available in high capacity, medium capacity and traditional absorbency so you can select the right product for the size of your potential spill. These pads and rolls can be wrung out and reused many times with virtually no loss in absorbency. We complement our rolls and pads with booms, mini-booms, pillows, drum covers, spill kits and response packs for use with many types of spills and tasks.

## Sustainability

Our high and medium capacity sorbents are lightweight to reduce the volume of waste going into landfill. 3M™ Sorbents may be incinerated with very low ash residue. High capacity sorbents contain at least 25 percent recycled content by weight. Medium capacity sorbents contain at least 50 percent recycled content by weight.

## Additional benefits

- ▶ 3M's microbundle technology employs millions of tiny voids to absorb liquid - effectively doubling the capacity of the material
- ▶ 3M™ Sorbents absorb more so you don't have to use as much, and create less waste
- ▶ 3M™ Sorbents are made from inert polypropylene and polyester fibers that trap liquid in the voids
- ▶ 3M™ Sorbents are lightweight, non-abrasive and come in many shapes and sizes to perfectly fit your application
- ▶ 3M™ Petroleum Sorbents can be reused; 90 percent of the oil can be wrung out and reclaimed
- ▶ 3M™ High and Medium Capacity Sorbents are made with scrim on one or two sides to help eliminate linting

# Spill Management

## Cost Benefits of 3M™ Sorbents

Because of 3M™ Sorbents' superior absorbency properties, they offer significant cost benefits associated with materials, labour and disposal.

## Different Types of Sorbents

### 3M™ Oil & Petroleum Sorbents

- ▶ For control and clean-up of petroleum-based fluids
- ▶ Repels water and floats
- ▶ For use on land or water

### 3M™ Chemical Sorbents

- ▶ For control and clean-up of most hazardous liquids
- ▶ Resists reactions with most hazardous chemicals, including acids
- ▶ Absorbs petroleum-based and aqueous-based solutions

### 3M™ Maintenance Sorbents

- ▶ For control and clean-up of non-aggressive liquids
- ▶ Helps maintain a clean and safe working environment
- ▶ Absorbs petroleum-based liquids and aqueous-based liquids

## High Capacity & Medium Capacity Sorbents

3M offers both high or medium levels of absorption capacity to give you the freedom to choose which one is right for your application.

### H High Capacity Sorbents

When you need the most economical and efficient sorbent design, reach for high capacity sorbents from 3M. They quickly absorb and hold spilled liquids for fast and efficient clean up. Added scrim helps improve product strength. High capacity sorbents contain at least 25 percent recycled content by weight.

### T Traditional Sorbents

Proven for decades, 3M's original low-profile design offers medium to high absorbent capacity, depending on your needs.

### M Medium Capacity Sorbents

When cleaning up lower volume spills and containing everyday drips and small leaks, medium capacity absorbents are a great choice. They are designed to help maintain a clean and safe working environment and are available in a variety of convenient formats. Added scrim helps improve product strength. Medium capacity sorbents contain at least 50 percent recycled content by weight.
